Optional finish of structure and laminate tops: See selection

Design: Bernard Vuarnesson, 1983

Product description

An aesthetic play of surfaces reveals the characteristics of Tetra, the coffee table consisting of four reversible tops that can be transformed into serving trays with a simple gesture .The top, worked with a grid pattern, challenges the static side of traditional coffee tables . Versatile low coffee table with a solid grid top that can be covered by an additional glass top. The four extendable tops have a laminated side with a solid wood frame and an inner side that can be used as a tray.

about Sculptures Jeux

Sculptures Jeux is about playing with spaces, making the home lively and changeable, it's about being original by bringing color into our lives.
Home is the refuge of our feelings, a place where we experience emotions with the people we love.
Thus, the space that surrounds us gains importance, the furniture follows our personality, it is one with what we want to convey every day, it means communicating without saying a word, but with materials, shapes and colors. People and their creativity are at the

center of the room.

Sculptures Jeux is committed to the green concept and uses a photovoltaic system to support 70% of its production. All panel and solid material suppliers are FSC-certified. The combustion of the biomass generated from the operation heats Sculptures Jeux's offices and workplaces and the production follows US regulations for low formaldehyde emissions.
