Product description

Designed by Ramon Esteve for Vondom, the Factory collection is characterized by the aluminum profile and the "Deployé" net. Discover this collection of aluminum furniture consisting of a modular sofa, an armchair, a chaise longue, a side table, a lamp, a coffee table, a high table, chairs and a room divider. Inspired by the cast-iron architecture of New York, the collection reflects the same industrial style as neighborhoods like Soho or Tribeca. The contrast with the soft-looking cushions gives the collection a warm and cozy touch.
