Available accessories:
2 Aisi 316 stainless steel floor mounting plates as anti-theft protection
Lockable water drain

Product description

Planter LLUNA by Serralunga Living Different for INDOOR + OUTDOOR.

The LLUNA planter by Joan Gaspar for Serralunga is an elegant union of planter and light fixture. LLUNA is a translucent outdoor space divider. Ideal for terraces, outdoor areas, public spaces or as a pool surround.

Commenting on the project, Marco Serralunga says: "We are continuing the project of illuminated objects. We were the first company to enhance traditional flower pots in this way. As for LLUNA, the basic idea was an illuminated flowerpot that conveys the idea of space and atmosphere. I am convinced of the practical aspects of plastic, which united with the light function becomes an incomparable object. Late evening is the best time to enjoy the homey atmosphere created by this furnishing item."

LLUNA goes well with various products that together form a family: Stools, tables, bottle racks. The wide range of colors really makes the vessel fit into any ambience.

Serralunga Clean Fighter

SERRALUNGA presents CLEAN FIGHTER, a new innovative composite for fast and efficient cleaning.

As part of Serralunga's ongoing research and innovation activities, a new compound has been developed: Clean Fighter.

Clean Fighter is an innovative composite that allows fast and efficient cleaning of all Serralunga furniture, flower pots and furnishings in standard colors. Less time spent cleaning is the result. CLEAN FIGHTER is not needed for products in matt or glossy finish.

Product information

Clean Fighter is absolutely versatile. Particular feature is the ability of the material to adapt to different shapes.

about Serralunga

The first in Europe to develop rotational molding technology, the first to introduce the design jug and conceive the oversized jug. The first to design the illuminated jug, the first to exhibit an industrial vase in a museum and the first to develop new painting technologies with patterns.

Those who choose Serralunga can recognize and appreciate originality.

A FAMILY BUSINESS WITH HEART

THE HERITAGE
Serralunga was founded in Biella in 1825 and is the name of the family that has been the creative and entrepreneurial heart of the company for six generations, producing modern outdoor furniture.

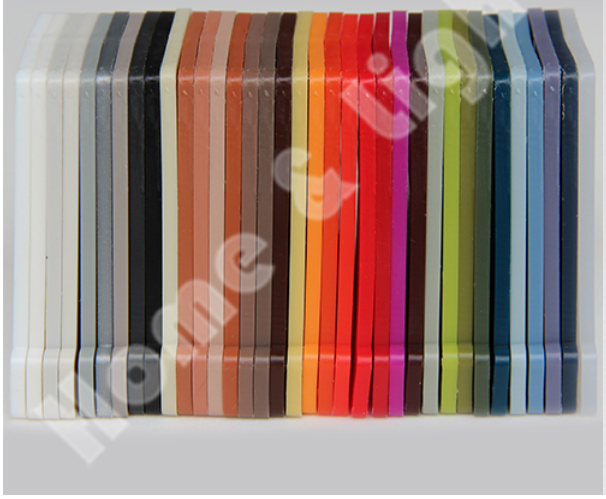
The company was founded as a tannery and then moved to leather processing for industrial purposes. The real revolution came with the processing of plastic and then with the rotational molding technology imported from the United States, which has produced countless Italian design objects such as outdoor lighting and contemporary furniture, all made in Italy.

MADE IN ITALY
Serralunga continues the excellence that has long been associated with the "Made in Italy" label, while offering new ways of living that allow us to relax and unwind with furnishings that enrich our lives.

CULTURAL INNOVATION
Serralunga is known for pushing the boundaries of materials, technologies and aesthetics with its sense of innovation and craftsmanship to create groundbreaking products that both inspire and delight.

Serralunga Color & Material Samples

Product information



Polyethylene matt
