Fabrics

Vondom design furniture upholstered with our fabrics allows any environment to be given a touch of sophistication and freshness.

We offer fabrics with extraordinary levels of performance, durability and design. Made and approved to withstand the toughest outdoor conditions.

Anti-stain treatment, waterproofing, UV resistance, cold cracking and mould spore resistance ensure that our furniture can be used in all outdoor spaces and areas with high humidity and chlorine, such as spas and indoor swimming pools.

Group 1 fabrics

Among our Group 1 collections we find soft fabrics such as Altea and Arousa, which imitate the delicacy of leather, but with the necessary resistance to survive outdoors.

Others such as Portonovo, with its plain and simple design, offer a unique versatility, adapting perfectly to any decorative proposal. Meanwhile, the vibrant texture of Fisterra or the solidity of Baiona invite the touch, recalling the handcrafted beauty of textiles worked with care. Calella, PFAS-free, with a softness that seems to caress the skin, redefines the experience of outdoor comfort, without renouncing environmental responsibility.

The second range of fabrics offers a palette of comfort and contemporary style that will delight those looking for design and functionality in a single proposal. Suances, with its warm and cosy terry texture, invites you to relax, while Ribadeo combines a linen look with a natural touch resulting in a sophisticated and visually appealing finish. Louro, on the other hand, stands out for its neutrality, being the perfect base to harmonise with other bolder fabrics, such as Getaria, a high-density option with a versatile colour palette. Zumaia is presented as the elegant and practical solution, with its soft acrylic terry that turns any space into a haven of sophistication.
