Product description

Eero Aarnio has a beautiful house on a lake near Helsinki, with bright interiors, decorated with many colourful objects he has designed himself during his long-illustrious career. In the morning he has a quick dip in the lake followed by a sauna, which is how he has remained in such incredible shape: now we understand how he creates such cheerful and spirited objects. The **Paloma** is one of his favourite animals, he would like to place it in the garden or have it floating in the lake, to create new views that soften reality, and become more poetic and mysterious.

Serralunga Clean Fighter

SERRALUNGA presents CLEAN FIGHTER, a new innovative composite for fast and efficient cleaning.

As part of Serralunga's ongoing research and innovation activities, a new compound has been developed: Clean Fighter.

Clean Fighter is an innovative composite that allows fast and efficient cleaning of all Serralunga furniture, flower pots and furnishings in standard colors. Less time spent cleaning is the result. CLEAN FIGHTER is not needed for products in matt or glossy finish.

Clean Fighter is absolutely versatile. Particular feature is the ability of the material to adapt to different shapes.

Serralunga Color & Material Samples

Product information

Polyethylene matt

Polyethylene glossy lacquered

Polyethylene metallic lacquered

We will be happy to send you color samples and material samples for inspection free of charge upon request. The return postage for an insured parcel is to be paid by the customer - in the case of a purchase, the return postage will be refunded in full. We ask for the return of the color and material samples within 2 weeks, so that other customers can also dispose of them.
