Product description

Oasis

Multi-coloured functionality is the strength of the Oasis poufe that, just like a real oasis, embraces the double indoor/outdoor spirit of Serralunga. A perfect object of homedecor.

OASIS is a multifaceted product of contemporary furniture, which changes shape thanks to the wide variety of choice available for the top. For domestic interiors, it can be selected in soft, warm materials like eco-leather, fabrics and faux fur that bring warmth to the environment.

Its simple proportions, attention to detail and elegant lines make it a hospitality furniture product that is highly suited to commercial facilities: a version with a hole for a parasol or a lamp has been designed to cater for different needs and possible shapes. The various materials used in Oasis also include a cork top, artificial turf or silk-screen printable EVA for promotional purposes, which complete the range specifically designed for outdoor use. Versatile luxury furniture.

Serralunga Clean Fighter

SERRALUNGA presents CLEAN FIGHTER, a new innovative composite for fast and efficient cleaning.

As part of Serralunga's ongoing research and innovation activities, a new compound has been developed: Clean Fighter.

Clean Fighter is an innovative composite that allows fast and efficient cleaning of all Serralunga furniture, flower pots and furnishings in standard colors. Less time spent cleaning is the result. CLEAN FIGHTER is not needed for products in matt or glossy finish.

Clean Fighter is absolutely versatile. Particular feature is the ability of the material to adapt to different shapes.

Product information

about Serralunga

The first in Europe to develop rotational molding technology, the first to introduce the design jug and conceive the oversized jug. The first to design the illuminated jug, the first to exhibit an industrial vase in a museum and the first to develop new painting technologies with patterns.

Those who choose Serralunga can recognize and appreciate originality.

A FAMILY BUSINESS WITH HEART

THE HERITAGE
Serralunga was founded in Biella in 1825 and is the name of the family that has been the creative and entrepreneurial heart of the company for six generations, producing modern outdoor furniture.

The company was founded as a tannery and then moved to leather processing for industrial purposes. The real revolution came with the processing of plastic and then with the rotational molding technology imported from the United States, which has produced countless Italian design objects such as outdoor lighting and contemporary furniture, all made in Italy.

MADE IN ITALY
Serralunga continues the excellence that has long been associated with the "Made in Italy" label, while offering new ways of living that allow us to relax and unwind with furnishings that enrich our lives.

CULTURAL INNOVATION
Serralunga is known for pushing the boundaries of materials, technologies and aesthetics with its sense of innovation and craftsmanship to create groundbreaking products that both inspire and delight.
