VONDOM Illuminated planter MACETA 120

Art.Nr.: VON499 / GTIN: 8412524069753 / manufacturer: Vondom

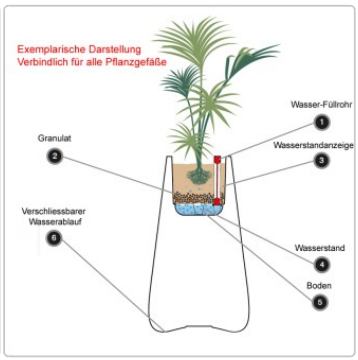
1.588,50 €

Regular retail price ~~1.765,00 €~~ (you save 176,50 €)

incl. 19% VAT incl. Shipping

Delivery time: 3 - 5 weeks

Product information



Dimensions / Technical Data:

Approx. dimensions: Ø 120cm, height 104cm

Plant depth: Ø 91cm, depth 56cm

Structure: Linear polyethylene, translucent white, weather resistant + unbreakable

Illuminant: LED white 4000-4500 Kelvin or multicolor 6500 Kelvin, 16-72 Watt max. depending on model, power supply IN: 100-240 Volt AC, 50-60 Hz

Variants of lighting:
LED white, 4000 - 4500 Kelvin
LED-RGB lighting with remote control
LED-RGB lighting with remote control and battery + charger. Charging time 4 hrs., operating time 6 hrs., 500 cycles
LED-RGB DMX lighting with remote control (WIFI Access Point required)
LED-RGB DMX lighting with remote control and battery + charger. charging time 4 hrs., operating time 6 hrs., 500 cycles (WIFI Access Point required)

Remote control: range 10-15 meters

Protection class: IP65

Cable lead: 5 meters, white (plug optional for EU, AUS, UK or USA).

Feature:
Double wall planter
SELF irrigation system, with watering the plants up to 3 months
Suitable for indoor and outdoor use
With closable water drain for indoor use

Product information

Very suitable for professional use in restaurants and offices
UVI resistant. Factor UV8, equal to 8,000 hours of sunshine in Florida
Resistant to temperatures (-60°C to +80°C).
Shock and wear resistant. 100% reusable

Notice:
The product photo (black and white) is a rendered image, which can not represent the beauty of the product and the external appearance of the lighting. We will be happy to send you image photos upon request.

Design: Studio Macetas

Product description

Vondom illuminated planters are characterized by their double-walled structure, integrated water drainage and long-lasting LED lighting units. The planters are extremely stable and offer a smaller available interior space due to their double-walled construction. This also means less soil is needed for planting. In winter, the double-walled design also reduces frost penetration.

The containers are made of sophisticated rotational molding resin, which can withstand any test of endurance, both indoors and outdoors. The collection has the widest range of different plant containers. On request, the plant containers can be equipped with an integrated watering system, which guarantees the best care of the plants during the absence. The most extensive collection of indoor and outdoor planters designed by Studio Vondom. Timeless and minimalist designs that allow you to create unique and original atmospheres for homes, restaurants and any space.

about Vondom

Vondom stands for a modern lifestyle. Vondom indoor & outdoor furniture is designed with passion for people who appreciate innovation and quality - people like you who love trends and demand the best.

Focus on design
Design is the key to our success. With each new collection, we create spaces full of glamor and uniqueness. Vondom furniture brings life and elegance to every room, so you can enjoy life to the full.

Global designers
Vondom collections are created in collaboration with international designers such as Fabio Novembre, Karim Rashid and many more. Their passion for modern forms and culture makes every piece of furniture an exclusive work of art.

Sustainability & Innovation
Sustainability is a core value at Vondom. Vondom is continuously researching new technologies and materials to protect our

Product information

environment. Vondom shares this knowledge in workshops, exhibitions and events worldwide.

Global success
Vondom is present in over 120 countries, with flagship stores and showrooms around the world, including Valencia, Miami, Los Angeles and Shanghai.

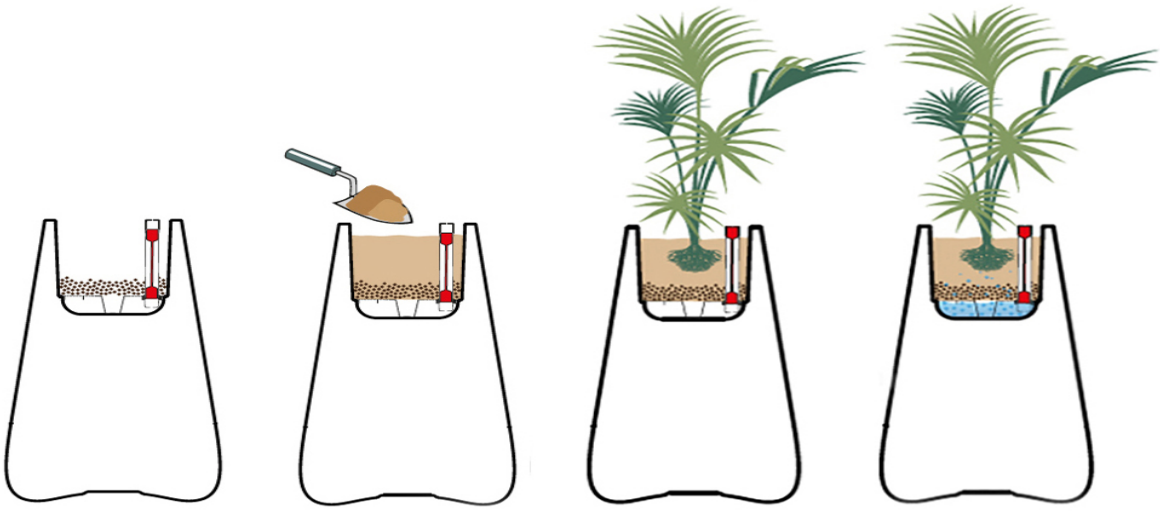
VONDOM planters

Material properties:
- Material: LLDPE resin, linear low density polyethylene. UL 94 HB
- Manufacturing process: Rotational molding - rotational molding process
- UV-resistant, factor: UV8, corresponding to 8,000 hours of Florida sunshine
- Extremely temperature resistant (-60 to -80 degrees Celsius)
- Impact resistant
- Lightweight
- 100 % recyclable

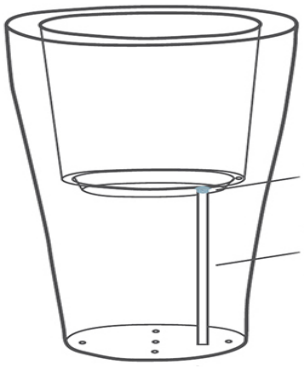
Watering system & integrated wheels:
Planters with a self-watering system are usually supplied with integrated wheels up to a size of 60cm. The integrated wheels make it easier to move the planter. The watering system ensures perfect care for your plants. The watering system is designed for indoor use only and is not suitable for outdoor use.

Indoor or outdoor use?
Illuminated planters have an integrated and lockable water drain. This means they can be used both indoors and outdoors. Planters without lighting do not have integrated water drainage. When used outdoors, several holes must be drilled with a drill both in the base of the planting area and in the subsoil on which the planter stands to prevent waterlogging.

Product information



Bewässerungssystem - Watering system - Système d'arrosage - Sistema di irrigazione - Sistema de riego - System nawadniania



Verschließbarer Wasserablauf bei beleuchteten Pflanzgefäßen
Lockable water drainage for illuminated planters
