## Dimensions / Technical data:

---

Approx. dimensions: width 35cm, height 220cm, depth 41cm

Planting depth: Ø 17cm, depth 19cm

Structure: LLDPE resin. Linear, through-dyed polyethylene, weather-resistant and unbreakable

Surface: Polyethylene through-dyed matt

Available colors: See color palette (translucent = translucent, material as for illuminated planters)

Further properties:

Double-walled planter

Suitable for indoor and outdoor use

Very suitable for professional use in restaurants and offices

UVI-resistant. Factor UV8, equal to 8,000 hours of sunshine in Florida

Resistant to temperatures (-60°C to +80°C)

Shock and wear resistant. 100% reusable

## Product description

---

Bones is the elegant flowerpot collection designed by Italian architects Ludovica+Roberto Palomba for Vondom. Bones is elegant due to its slenderness, but at the same time strong due to its design. Its generous volume is softened by a subtle edge that makes it light. Bones is reversible, meaning it can be planted with the wide part or this part can be used as a base when greater stability is required or for aesthetic reasons. From a technical point of view, Bones is fantastic: an invisible internal structure provides the necessary strength that transfers the weight from the bottom of the container to the bottom of the flowerpot to support the weight of any plant or tree.

## about Vondom

---

Vondom stands for a modern lifestyle. Vondom indoor & outdoor furniture is designed with passion for people who appreciate innovation and quality - people like you who love trends and demand the best.

### Focus on design

Design is the key to our success. With each new collection, we create spaces full of glamor and uniqueness. Vondom furniture brings life and elegance to every room, so you can enjoy life to the full.

### Global designers

Vondom collections are created in collaboration with international designers such as Fabio Novembre, Karim Rashid and many more. Their passion for modern forms and culture makes every piece of furniture an exclusive work of art.

### Sustainability & Innovation

Sustainability is a core value at Vondom. Vondom is continuously researching new technologies and materials to protect our environment. Vondom shares this knowledge in workshops, exhibitions and events worldwide.

## Global success

Vondom is present in over 120 countries, with flagship stores and showrooms around the world, including Valencia, Miami, Los Angeles and Shanghai.

## VONDOM planters

---

### Material properties:

- Material: LLDPE resin, linear low density polyethylene. UL 94 HB
- Manufacturing process: Rotational molding - rotational molding process
- UV-resistant, factor: UV8, corresponding to 8,000 hours of Florida sunshine
- Extremely temperature resistant (-60 to -80 degrees Celsius)
- Impact resistant
- Lightweight
- 100 % recyclable

### Watering system & integrated wheels:

Planters with a self-watering system are usually supplied with integrated wheels up to a size of 60cm. The integrated wheels make it easier to move the planter. The watering system ensures perfect care for your plants. The watering system is designed for indoor use only and is not suitable for outdoor use.

### Indoor or outdoor use?

Illuminated planters have an integrated and lockable water drain. This means they can be used both indoors and outdoors. Planters without lighting do not have integrated water drainage. When used outdoors, several holes must be drilled with a drill both in the base of the planting area and in the subsoil on which the planter stands to prevent waterlogging.

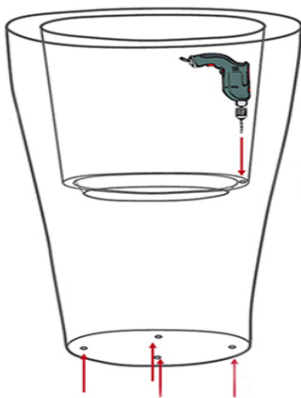

# Product information

Bewässerungssystem - Watering system - Système d'arrosage - Sistema di irrigazione - Sistema de riego - System nawadniania

Verschließbarer Wasserablauf bei beleuchteten Pflanzgefäßen  
Lockable water drainage for illuminated planters  
Écoulement d'eau obturable pour les bacs à plantes éclairés
