Design: Ramon Esteve 2019

Product description

Designed by Ramón Esteve for Vondom, the Gatsby collection evokes the art deco lighting. Those crazy twenties. "Something new, extraordinary, beautiful, simple, but cleverly designed," said Francis Scott Fitzgerald about his goals for the novel he wanted to write. The Great Gatsby was born in a time of prosperity, parties and plenty. They called it "the American dream." The new Gatsby sofa and planters are rotationally molded from polyethylene and reproduce the shape and feel of etched glass. The channeled exterior surface retains the same fluted glass style of the light fixtures, taking us back to the Art Deco era and the crazy 1920s in the United States.
