Product description

Moonlight Frosty snowman lamp Every year again

When the evenings get longer, the **Moonlight Frosty** draws everyone's attention.

Whether as a restaurant decoration, in living rooms or as a path light in the garden, this snowman defies the climate crisis and bathes cold winter nights in a soft light.

Every year again: in proven Moonlight quality, with long-lasting UV protection and an extremely temperature-resistant housing, the Frosty is a true companion. **Also available as a sound version, for restaurants, hotels and events.**

Details

Our versatile Moonlight globes are of moulded polyethylene. They are extremely impact resistant and robust. Temperatures of -40° to +80° Celsius do not cause any problems for our lights. The positive overall impression is topped off with additional features such as UV stability, longevity and watertightness.

Moonlight products are certified according to: CSA C 22.2 / UL 153 / EN 60598 / VDE 0711

Development, production and distribution according to DIN EN ISO 14001:1996

Cleaning & care

All Moonlights irrespective of their surface are easy to clean in general.

In case of strong soiling due to environmental influences such as soot, etc. we recommend using a special detergent which cleans the surface gently.
