Product description

Outdoor counter 'AIR

The modular system 'AIR' includes counter, buffet, bar stools and parasol, which can be combined with each other. Bar and buffet elements are available in different colors and surfaces. In addition to anthracite and white, outdoor bar and buffet are also offered with a front in anthracite and weather-resistant polywood. These two basic elements are complemented by a sunshade and bar stools. All

Product information

elements of the system can be purchased separately and combined.

Material:
The outdoor counter AIR, just like the buffet - module and the bar stool, is made of weather-resistant and powder-coated aluminum. The robust material guarantees a long life and good corrosion resistance. Aluminum is lightfast, weather resistant, and can withstand frost, sun, rain and UV radiation.

Functionality:
Outdoor counter & buffet provide storage space and workspace in addition to serving drinks and being a stylish meeting place. Inside the modules are two additional shelves. Materials, glasses and drinks can be stored there. Thus, invisible to the guest, used dishes can be hidden from view.

Sun protection:
Each counter and buffet module comes standard with an integrated holder for a sunshade. Especially at event for the staff a must, but also on the home terrace is a covered and shaded outdoor counter useful.

Application:
The application possibilities of the outdoor counter AIR go from the use from garden kitchen for the private terrace to mobile counter for the summer restaurant - terrace.

About Moree

Moree is a specialist for high-quality illuminated furniture and living room accessories, made for people who appreciate sensual, urban living. The love of clear forms, innovative materials combined with a fascination of the effect of light, Moree designers are always exploring expressive and timeless ideas for interiors and exteriors.
