Special feature:

Suitable for indoor and outdoor use

Very suitable for professional use in restaurants and offices

Resistant to temperatures (-60°C to +80°C)

Shock and wear resistant. 100% reusable

Product description

Barceloneta INDOOR + OUTDOOR

One of the modern icons, reinterpreted by the Italian brand Serralunga and the designer Raffaella Mangiarotti (Deepdesign). The result is Barceloneta, an innovative, comfortable chair that can also be used as a garden chair.

Barceloneta is stackable to meet all space requirements and is therefore also ideal for the contract sector. Instead of classic leather, this chair is made of plastic, while retaining the upholstered look.

Serralunga's skillful plastic rotational moulding process has preserved the classic feel of the product while giving it a contemporary and informal look.

The new Barceloneta from Serralunga has been specially created to meet the current demands of outdoor, nautical and hospitality environments.

Serralunga Clean Fighter

SERRALUNGA presents CLEAN FIGHTER, a new innovative composite for fast and efficient cleaning.

As part of Serralunga's ongoing research and innovation activities, a new compound has been developed: Clean Fighter.

Clean Fighter is an innovative composite that allows fast and efficient cleaning of all Serralunga furniture, flower pots and furnishings in standard colors. Less time spent cleaning is the result. CLEAN FIGHTER is not needed for products in matt or glossy finish.

Clean Fighter is absolutely versatile. Particular feature is the ability of the material to adapt to different shapes.

about Serralunga

The first in Europe to develop rotational molding technology, the first to introduce the design jug and conceive the oversized jug. The first to design the illuminated jug, the first to exhibit an industrial vase in a museum and the first to develop new painting technologies

with patterns.

Those who choose Serralunga can recognize and appreciate originality.

A FAMILY BUSINESS WITH HEART

THE HERITAGE

Serralunga was founded in Biella in 1825 and is the name of the family that has been the creative and entrepreneurial heart of the company for six generations, producing modern outdoor furniture.

The company was founded as a tannery and then moved to leather processing for industrial purposes. The real revolution came with the processing of plastic and then with the rotational molding technology imported from the United States, which has produced countless Italian design objects such as outdoor lighting and contemporary furniture, all made in Italy.

MADE IN ITALY

Serralunga continues the excellence that has long been associated with the "Made in Italy" label, while offering new ways of living that allow us to relax and unwind with furnishings that enrich our lives.

CULTURAL INNOVATION

Serralunga is known for pushing the boundaries of materials, technologies and aesthetics with its sense of innovation and craftsmanship to create groundbreaking products that both inspire and delight.
