Covers/Fabrics Group 2 - 2026

Covers/Fabrics Group 1-2-3 & Info - 2026

In our online store, we offer a selection of covers that are characterized by their ease of care and suitability for outdoor use. These covers are chosen 90% of the time because they offer an ideal combination of functionality, feel and comfort. You can easily make your selection using the “Vondom cover” feature.

Of course, we can offer you all covers from the Vondom collection on request. These covers, which are not available in our online store, are particularly suitable for use in regions with a predominantly sunny and dry climate or for indoor use. They impress with their particularly luxurious feel, but usually require more maintenance if soiled.

Resistant to temperatures (-60ºC to +80ºC)
Shock and wear resistant. 100% reusable

Available accessories: SELF irrigation system, with watering of plants for up to 3 months

Product description

VONDOM STONE planter 62/68/30 cm - organic, weatherproof, indoor & outdoor

The VONDOM STONE planter brings the organic design language of the collection to a compact, low height. Made from rotationally molded polyethylene, it is weatherproof, UV-resistant and easy to care for - ideal for patios, gardens, entrance areas and modern interiors. The low silhouette is perfect for planted accents, border planting or as a calm "stone" counterpoint in lounge areas.
The STONE series is large and versatile: various pots/planters in several sizes and shapes as well as sofa, armchairs and low/lounge tables that can be ideally combined - all from a single source.

Highlights

- Organic design, indoor/outdoor, weatherproof & UV-resistant
- Easy-care; optionally with LED lighting depending on the version
- Can be harmoniously combined with STONE sofa, armchairs & tables

FAQ
Is there an irrigation system for STONE 30?
Yes, in the basic/unlit version, the watering system is optionally available for an extra charge. It is included in the illuminated LED version.

Are there other sizes/shapes?
Yes, the STONE collection includes taller and larger planters as well as round/oval versions - matching sofas, armchairs and lounge tables for a uniform ensemble.

about Vondom

Vondom stands for a modern lifestyle. Vondom indoor & outdoor furniture is designed with passion for people who appreciate innovation and quality - people like you who love trends and demand the best.

Product information

Focus on design
Design is the key to our success. With each new collection, we create spaces full of glamor and uniqueness. Vondom furniture brings life and elegance to every room, so you can enjoy life to the full.

Global designers
Vondom collections are created in collaboration with international designers such as Fabio Novembre, Karim Rashid and many more. Their passion for modern forms and culture makes every piece of furniture an exclusive work of art.

Sustainability & Innovation
Sustainability is a core value at Vondom. Vondom is continuously researching new technologies and materials to protect our environment. Vondom shares this knowledge in workshops, exhibitions and events worldwide.

Global success
Vondom is present in over 120 countries, with flagship stores and showrooms around the world, including Valencia, Miami, Los Angeles and Shanghai.

VONDOM planters

Material properties:
- Material: LLDPE resin, linear low density polyethylene. UL 94 HB
- Manufacturing process: Rotational molding - rotational molding process
- UV-resistant, factor: UV8, corresponding to 8,000 hours of Florida sunshine
- Extremely temperature resistant (-60 to -80 degrees Celsius)
- Impact resistant
- Lightweight
- 100 % recyclable

Watering system & integrated wheels:
Planters with a self-watering system are usually supplied with integrated wheels up to a size of 60cm. The integrated wheels make it easier to move the planter. The watering system ensures perfect care for your plants. The watering system is designed for indoor use only and is not suitable for outdoor use.

Indoor or outdoor use?
Illuminated planters have an integrated and lockable water drain. This means they can be used both indoors and outdoors. Planters without lighting do not have integrated water drainage. When used outdoors, several holes must be drilled with a drill both in the base of the planting area and in the subsoil on which the planter stands to prevent waterlogging.
