Product information

Dimensions / Technical data:

Dimensions: Ø 35cm

Material: polyethylene

Color of the solid ball: white

Application: MAG = screw-on base: For screwing onto solid surfaces as a wall or floor light

Light source / color temperature (brightness) of the light source optional:
3000 Kelvin = subdued light
4000 Kelvin = bright light
6000 Kelvin = very bright light (only available as an energy-saving lamp) recommended for the colored versions

Special feature:
Luminaires made of unbreakable PE material, impact-resistant and robust
Waterproof, dimensionally stable and UV-resistant
Cold and heat resistant from -40° to +80°C
Huge range of colors thanks to interchangeable color filters
Each solid sphere is individually molded from polyethylene
Ideally suited for indoor and outdoor use

Note: Supplied without a power cable. The cable connection must be installed on site by a qualified electrician.

Product description

Lights with a screw-fastening base

Floor or wall light for screw-fastening. The standard design uses energy-saving lamps (230 Volt)

Details

Our versatile Moonlight globes are of moulded polyethylene. They are extremely impact resistant and robust. Temperatures of -40° to +80° Celsius do not cause any problems for our lights. The positive overall impression is topped off with additional features such as UV stability, longevity and watertightness.

Moonlight products are certified according to: CSA C 22.2 / UL 153 / EN 60598 / VDE 0711
Development, production and distribution according to DIN EN ISO 14001:1996

Cleaning & care

All Moonlights irrespective of their surface are easy to clean in general.
In case of strong soiling due to environmental influences such as soot, etc. we recommend using a special detergent which cleans the surface gently.

About Moonlight

Product information

Making people happy with atmospheric lighting
Moonlight luminaires captivate with their design, unique lighting atmosphere and the highest quality standards - made in Germany.

Unique interior and exterior lighting
The unmatched ambience and diffusion experience as outdoor and indoor lighting goes into a new round with a lot of passion. Be excited about the further development of the award-winning design. Through our years of experience designing with light, one thing remains the same: the high-quality appeal and virtually indestructible durability of Moonlight lighting.

Moonlight luminaires - lighting with excellent design
By using Moonlight luminaires in garden design, accentuated islands of light can be created that not only transform any garden into an atmospheric oasis, but also enhance the structural substance.
