Product information

Dimensions / Technical data:

Dimensions: Ø 35cm

Material: polyethylene

Color of the solid ball: white

Application: MBG = buried base: For installation in the ground

Light source / color temperature (brightness) of the light source optional:
2700 Kelvin = subdued light
4000 Kelvin = bright light
6500 Kelvin = very bright light (recommended for the colored versions)

Special feature:
Luminaires made of unbreakable PE material, impact-resistant and robust
Waterproof, dimensionally stable and UV-resistant
Cold and heat resistant from -40° to +80°C
Each solid sphere is individually molded from polyethylene
Ideally suited for indoor and outdoor use

Note: Supplied without a power cable. The cable connection must be installed on site by a qualified electrician.

Product description

Moonlight luminaire with base for burying.

Installation with buried base requires laying the cable in the ground (not included). For less solid ground and to secure against twisting, ground anchors can be used.

Details

The versatile Moonlight spheres are individually molded from polyethylene. They are extremely impact resistant and robust. Temperatures from -40° to +80° Celsius do not cause any problems for the lights. The positive overall impression is rounded off by other properties such as UV stability, durability and waterproofness.

Moonlight products are certified according to: CSA C 22.2 / UL 153 / EN 60598 / VDE 0711
Development, production and distribution according to DIN EN ISO 14001:1996

Cleaning & Care

All Moonlight luminaires, regardless of the surface, are generally easy to clean.
In case of heavy soiling due to environmental influences such as soot etc., we recommend the use of a special cleaning agent which cleans the surface gently.

About Moonlight

Product information

Making people happy with atmospheric lighting
Moonlight luminaires captivate with their design, unique lighting atmosphere and the highest quality standards - made in Germany.

Unique interior and exterior lighting
The unmatched ambience and diffusion experience as outdoor and indoor lighting goes into a new round with a lot of passion. Be excited about the further development of the award-winning design. Through our years of experience designing with light, one thing remains the same: the high-quality appeal and virtually indestructible durability of Moonlight lighting.

Moonlight luminaires - lighting with excellent design
By using Moonlight luminaires in garden design, accentuated islands of light can be created that not only transform any garden into an atmospheric oasis, but also enhance the structural substance.
