Design: Ramon Esteve

Product description

The VONDOM LUNA outdoor lights are a design innovation by Ramón Esteve and add atmospheric lighting objects for indoor and outdoor areas to the iconic LUNA collection. Inspired by the expressive design language of the 60s and 70s, the luminaires combine sculptural design, functional lighting and modern material technology.

Made of translucent polyethylene, the LUNA floor lights create a pleasantly diffuse light and elegantly set the scene for patios, gardens, pool areas, lounges or contract spaces. The material is lightweight, robust, UV-resistant, weatherproof and suitable for permanent outdoor use.

The VONDOM LUNA lights are available**in 7 different versions**, all of which are available in our online store. This means that the right size and lighting effect can be ideally matched to private outdoor areas, hotels, restaurants and modern architectural projects.
