Design: Ramon Esteve

Product description

The Posidonia lights from VONDOM combine Mediterranean inspiration with modern outdoor design and create a warm, atmospheric ambience for patios, gardens, pool areas or lounge zones. Inspired by the iconic Posidonia collection by Ramón Esteve, the lights take up the clear, timeless design language of the series and complement it with a soft, elegant lighting concept.

Made of linear polyethylene in a translucent white finish, the luminaires impress with their weather-resistant, robust and unbreakable structure. The pleasantly diffuse light creates a calm, harmonious effect and stylishly accentuates modern outdoor areas.

The color-selectable base gives the lights an individual touch and enables perfect coordination with existing outdoor furniture and architectural concepts. Whether as a decorative single object or in a combination of several sizes - the Posidonia lights stand for long-lasting quality, Mediterranean elegance and functional design for sophisticated indoor and outdoor areas.
