Product information

Dimensions / Technical Data:

Dimensions: Ø 60cm, Height 54cm

Planting depth: Ø 46cm, Depth 32cm

Structure: Linear polyethylene, white translucent, weather resistant + unbreakable

Illumination: LED white 4000-4500 Kelvin or multi colour 6500 Kelvin, 16-72 Watt max. depending of model, Power supply IN: 100-240 Volt AC, 50-60

Illumination available:

LED white, 4000 - 4500 KelvinLED-RGB illumination with remote control

LED-RGB illumination with remote control and battery + charger. Charging time 4 hours, operating time 6 hours, 500 cycles

LED-RGB DMX illumination with remote control (WIFI Access Point needed)

LED-RGB DMX illumination with remote control and accu + charger. Charging time 4 hours, operating time 6 hours, 500 cycles (WIFI Access Point needed)

Remote Control: Reach 10-15 Meters

Protection class: IP65

Cable supply: 5 meter, white (plug available for EU, AUS, UK or USA)

Characteristic:

SELF irrigation system, with irrigation of the plants up to 3 months

Suitable for use in indoor and outdoor areas

With lockable drainage for indoor use

Very suitable for professional use in restaurants and offices

UVI-resistant. Factor UV8, equal to 8,000 hours of sunshine in Florida

Product information

Resistant to temperatures (-60 ° C to + 80 ° C)

Shock and wear resistant. 100% reusable

Available accessories: DMX Wireless Home WIFI Access Point

DMX Home WIFI is an Acces Point through which you can control all VONDOM products with an IOS or Andriod tablet or smartphone. You can create individual and special environments. Control the entertainment lighting of each Vondom product, such as Furniture, planters and lights individually or in a group. We are happy to advise you in detail, call us!

Design: Studio Macetas

Product description

Vondom illuminated planters are characterized by their double-walled structure, integrated water drainage and long-lasting LED lighting units. The planters are extremely stable and offer a smaller available interior space due to their double-walled construction. This also means less soil is needed for planting. In winter, the double-walled design also reduces frost penetration.

The containers are made of sophisticated rotational molding resin, which passes every endurance test, both indoors and outdoors. The collection has the widest range of different plant containers. On request, the plant containers can be equipped with an integrated watering system, which guarantees the best care of the plants during the absence. The most extensive collection of indoor and outdoor planters designed by Studio Vondom. Timeless and minimalist designs that allow you to create unique and original atmospheres for homes, restaurants and any space.

about Vondom

Vondom stands for a modern lifestyle. Vondom indoor & outdoor furniture is designed with passion for people who appreciate innovation and quality - people like you who love trends and demand the best.

Focus on design

Design is the key to our success. With each new collection, we create spaces full of glamor and uniqueness. Vondom furniture brings life and elegance to every room, so you can enjoy life to the full.

Global designers

Vondom collections are created in collaboration with international designers such as Fabio Novembre, Karim Rashid and many more. Their passion for modern forms and culture makes every piece of furniture an exclusive work of art.

Sustainability & Innovation

Sustainability is a core value at Vondom. Vondom is continuously researching new technologies and materials to protect our environment. Vondom shares this knowledge in workshops, exhibitions and events worldwide.

Global success

Vondom is present in over 120 countries, with flagship stores and showrooms around the world, including Valencia, Miami, Los Angeles and Shanghai.

VONDOM planters

Product information

Material properties:

- Material: LLDPE resin, linear low density polyethylene. UL 94 HB
- Manufacturing process: Rotational molding - rotational molding process
- UV-resistant, factor: UV8, corresponding to 8,000 hours of Florida sunshine
- Extremely temperature resistant (-60 to -80 degrees Celsius)
- Impact resistant
- Lightweight
- 100 % recyclable

Watering system & integrated wheels:

Planters with a self-watering system are usually supplied with integrated wheels up to a size of 60cm. The integrated wheels make it easier to move the planter. The watering system ensures perfect care for your plants. The watering system is designed for indoor use only and is not suitable for outdoor use.

Indoor or outdoor use?

Illuminated planters have an integrated and lockable water drain. This means they can be used both indoors and outdoors. Planters without lighting do not have integrated water drainage. When used outdoors, several holes must be drilled with a drill both in the base of the planting area and in the subsoil on which the planter stands to prevent waterlogging.
