about Dix heures Dix

Behind the name Dix heures Dix hide the two designers Catherine Grandidierand Fabrice Berrux. The Dix heures Dix manufactory clearly reflects this dichotomy. Unusual color combinations and the use of unusual materials are the hallmark of Catherine Grandidier's lamps. Following the success of textile collections such as La Colonne, dix heures dix has deliberately chosen to use modern, innovative and high-quality materials (Tyvek®, Dibond®, Corian®, etc.) for its latest creations. By mixing architectural, artistic, plant or fashion inspirations, the two designers (Fabrice Berrux and Ludovic Roth) strive to invent a narrative light where each product tells its own story.

The balance between the rigorous approach of industrial design and the wealth of artisanal know-how allows Dix heures Dix, to produce innovative and high quality lighting solutions.
