Design: Moree Design

Product description

Moree presents a new and innovative bar system consisting of several straight and round modules.

It was developed by our designers especially for gastronomy, events and trade fairs, and convinces with its timeless design and high-quality processing. The materials used for this event furniture are robust, timelessly beautiful and low-matinence. In addition to a coated surface, the countertop can also be supplied with high-quality paintwork finish. Other than the standard laminated surfaces, the countertop can also be delivered with a high-quality paintwork finish. The bar is enclosed with painted endcaps that round off the elegant design. These endcaps and countertops can be delivered in any colour or wood finish of your choice.

The bar can be used both in mobile applications at trade fairs and events as well as in restaurants and hotels. Whether as an open, semi-open or closed bar module,

Product information

counter, reception desk, DJ desk, mobile cocktail bar or a large measuring counter for catering, corner solution or round counter - the bar system adapts itself to the spatial conditions and customer requirements. It offers generous shelf space on top as well as plenty of storage space inside. The speciality: the bar modules have two separately operated multicolor LED units so that the front and working area behind the counter can shine in different desired colors. The integrated lighting is controlled by radio remote control, whereby four channels are available and thus not only individual areas (front or working area), but also the various segments can be individually controlled. Colours can be adapted according to the event and an impressive atmosphere can be created. Configure your desired system according to your requirements. See the product details for more information. The bar can also be ideally combined with our bar stools “ED”

We are happy to advise you personally. Please contact us if you need more information or an individual offer.

About Moree

Moree is a specialist for high-quality illuminated furniture and living room accessories, made for people who appreciate sensual, urban living. The love of clear forms, innovative materials combined with a fascination of the effect of light, Moree designers are always exploring expressive and timeless ideas for interiors and exteriors.

The range is based on an extensive collection of illuminated tables and objects as well as seating, for living rooms, gardens, restaurants, bars and clubs. Functionality, durability and stylish design stands for the success of our German brand.

Moree furniture can be individually branded, giving companies and product advertisements high visibility. Unique, eye-catching and intriguing.

Moree combines exquisite form with highly functional products, available in over 30 countries only in selected furnishing and design stores.
