Product description

Moree presents a new, innovative counter system consisting of various straight and round modules that can be combined with each other.

It was specially developed by our designers for the catering, event and trade fair sector and impresses with its timeless design and high-quality workmanship. The materials used for the prestigious event furniture are robust, timelessly beautiful and easy to clean. In addition to a coated surface, the all-round counter board can also be supplied with a high-quality lacquer finish. The sides of the counter modules are closed with lacquered end pieces. The counter board and end pieces can also be lacquered in special colors or made of solid wood.

The counter can be used for mobile applications at trade fairs and events as well as stationary applications in restaurants and hotels. Whether open, semi-open or closed bar module, counter, reception counter, DJ desk, mobile cocktail bar or large trade fair counter for catering, corner solution or round counter - the bar system

Product information

adapts to the spatial conditions and customer requirements. It offers ample storage space on top and plenty of storage space inside.

The special feature: the individual bar modules have two separately operable multicolor LED units so that the front and work area behind the counter can be illuminated in different colors of your choice. The integrated lighting is controlled by radio remote control, with four channels are available, meaning that not only individual areas (front or work surface), but also the various segments can be controlled individually. Colors can thus be adapted to the event and an impressive atmosphere created. Configure your desired system to meet your specific requirements. You will find all the necessary information in the product details. The counter can also be ideally combined with our "ED" bar stools. We would be happy to advise you personally, please contact us if you require further information or an individual quotation.

About Moree

Moree is a specialist for high-quality illuminated furniture and living room accessories, made for people who appreciate sensual, urban living. The love of clear forms, innovative materials combined with a fascination of the effect of light, Moree designers are always exploring expressive and timeless ideas for interiors and exteriors.

The range is based on an extensive collection of illuminated tables and objects as well as seating, for living rooms, gardens, restaurants, bars and clubs. Functionality, durability and stylish design stands for the success of our German brand.

Moree furniture can be individually branded, giving companies and product advertisements high visibility. Unique, eye-catching and intriguing.

Moree combines exquisite form with highly functional products, available in over 30 countries only in selected furnishing and design stores.
