Product description

Champagne cooler illuminated with LED, battery and remote control provides ambience and indirect lighting.

The cooler comes with an easily removable LED unit, which is attached to the product by a magnetic fastener. So the LED unit does not need to be charged on the product, but flexible near a power outlet.

Serving drinks at the right temperature is a challenge not only in the catering industry, but also on the private terrace. Drinks that are served at too warm a temperature impair the taste considerably. A champagne or beverage cooler is therefore the ideal solution, as wine or champagne coolers ensure the perfect temperature and the well-being of guests here.

Essential in addition to all practical considerations are also the decorative aspects. The Moree Cooler LED Battery Outdoor offers color and light in one. The illuminated bottle cooler is equipped with an LED unit and can be controlled by remote control. There is, in

Product information

addition to the 15 preset colors, the possibility to operate the beverage cooler in different color changing programs. In addition, a dimming function is also available, with the help of which the brightness of the individual colors can be regulated. In addition to all RGB colors, the illuminated beverage cooler also shines in white. Thanks to its lithium-ion battery, the illuminated bottle cooler can be operated wirelessly and offers maximum flexibility on the garden terrace, at private parties or in the professional area at trade fairs and events. Thanks to the independence from the power outlet, the illuminated bottle cooler can be used anywhere.

The illuminated champagne cooler is suitable for indoor and outdoor use and can be used both for professional catering and in the private sector. The illuminated bottle cooler stands next to the set table, leaving more space for food and drinks there. With its translucent PE plastic body and the LED light, the bottle cooler sets stylish highlights in any ambience. The plastic is UV-resistant. The generously sized container of the champagne cooler illuminated is filled with ice and serves not only to cool a single bottle, but also magnum bottles or several bottles at once find space. It is therefore ideal event furniture for parties and events of all kinds. With its dimensions of 89 cm in height and a diameter of 46 cm, the illuminated object is a radiant eye-catcher and eye-catcher.
