Dimensions / Technical data:

Dimensions approx: height 78cm, width 46cm, depth 52cm

Wood finish optional:
Solid oak
Oak, colour-stained
Solid American walnut

Solid wood

Design: Julia Läufer + Marcus Keichel

Product description

"With NONOTO we have realized our first pure solid wood chair. The fascinating thing about this project: the design of a solid wood chair is pure design. A solid wood chair can only captivate through the expression of its form; technical factors play a subordinate role. Nature provides the material, the designer has to do the rest. Everything we have learned in 15 years about the design of chairs is contained in this concept: NONOTO is a sculpture.

Viewed from all directions, it is emblematic and touches the viewer emotionally. At the same time, NONOTO is a real chair. It is made for sitting, which means statics, weight and long-term sitting comfort are highly sophisticated. NONOTO is designed unplugged, but is manufactured on state-of-the-art CNC-controlled machines."

About Zeitraum

Home:

ZEITRAUM is at home in the Bavarian foothills of the Alps. It is not so much the local roots that connect ZEITRAUM with our homeland, but rather the knowledge that life in the alpine region has traditionally been characterized by the conscious use of limited resources. The direct dependence on nature shapes ZEITRAUM's sense of responsibility and long-term thinking. The roots of the values lie in the respectful treatment of the natural habitat, which should be preserved for future generations in its diversity as a basis for life and a source of inspiration.

Longevity:

ZEITRAUM's designs are a tribute to the pure, the purity of the material and the durability of the form. Out of conviction, ZEITRAUM is committed to sustainable action in its entirety, and is committed to the principle that products are repairable, because this is the only way to ensure their longevity over generations. Repairing and maintaining deepens the relationship between man and product. ZEITRAUM has been pursuing the idea of combining design and ecology since its founding in 1990. ZEITRAUM processes only hardwoods from sustainable forestry and does not use any chemical treatment of the wood. The surfaces, left open-pored with biological oils, allow the furniture to breathe and retain its naturalness.
