Product information

MYYOUR FRAMES privacy screen

Art.Nr.: MYY76 / manufacturer: MyYour

798,00 €

Regular retail price ~~840,00 €~~ (you save 42,00 €)

incl. 19% VAT incl. Shipping

Delivery time: 4 - 8 weeks

Product information

Dimensions / Technical Data:

Approx. dimensions: width 200cm, height 150cm, depth 8cm

Structure: Polyethylene "POLEASY", patented, weather-resistant and unbreakable, dyed matt without micropores

Available colors: See color palette

Optional floor stand:
2 x polyethylene ballast for high stability to be filled with water or sand (color similar to privacy screen)
2 x white powder-coated metal ballast for screwing to the structure and the floor

Special feature:
Very suitable for professional use
UVI resistant.
Resistant to temperatures (-60ºC to +80ºC)
Shock and wear resistant. 100% reusable
Excellent mechanical properties

Design: Brogliato Traverso 2015

Product description

FRAME is a module used as a room divider, fence or cladding. both in horizontal and vertical position during the use of its specific ballasts. The composition is characterized by flared surfaces are the frame for small windows and make them pleasant geometric views.

MyYour - Material & Care

POLEASY:
Design and technology are not the only factors that make the difference in Myyour products: also because, as far as the materials are concerned, this company, which is based in Padua, Italy, is able to fully express itself thanks to a new and special type of polyethylene called Poleasy. Poleasy was developed after long years of research. In fact our research was focused on finding a way to eliminate the microporous surfaces that are responsible for the formation of anti-aesthetic patinas or cracks over time. Poleasy, an exclusively international patent, has entirely solved this problem by ensuring compactness to the surfaces of Myyour’s creations and a better performance in terms of durability, washability and color brightness.

ROTATIONAL:
At Myyour, the rotational molding of polyethylene goes beyond the purely technical aspect. It becomes a process that is strongly connected to the best traditions of craftsmanship. It is here that man, hands and time encounter the ancient gestures and rhythms that enable them to act intelligently and in synergy with machines as to attain perfection. The skillful blend of powders, the rotation of the molds, which rotate for almost an hour to favor the creation of an appropriate thickness, the hot extraction process of the manufactured item and its dimensional stabilization, which is obtained through custom made templates, are

Product information

all very slow and delicate phases of the process. These phases are scrupulously and skillfully managed to prevent errors from cropping up. The product is finished manually before finally being blazed to create a smooth and shiny creation.

COATING:
This goal seemed almost impossible to attain a few years ago. Today, coating polyethylene has become a wonderful reality: dense and compact, smooth and almost metallic-like... it embellishes and greatly impacts Myyour products. This was made possible thanks to the scientific research, tests and experiments that brought to light the right formula. We have now obtained a primer that of plastic and to ensure a durable application on smooth surfaces and without ever having to drill a hole. After applying this unique background layer, each piece is carefully sanded by hand: three careful coatings are sprayed on the product and a trip to the oven does the rest. All of this contributes to the much desired and beautiful colors of Myyour, which are weather resistant and able to remain intact over a long, long period of time.

About My Your

MY YOUR is a story, a family and an Italian design company.
MY YOUR has evolved over time, changing and improving its design and introducing technological innovations hand in hand with its brand identity. Today MY YOUR presents its new and consolidated identity as a publisher and manufacturer of furniture and accessories that help create spaces with a strong personality, without ever neglecting the elegance of form and qualitative excellence. MY YOUR is designed and produced entirely in Italy, both as a brand and as the aesthetic and functional language of the outdoor collections.
