beige / black
gray / black
blue / black
red / black

Product information

Base: cast iron, powder-coated in the color of the structure or black

Design: Fridtjof Schliephacke

Delivery: EXCLUSIVE illuminant

Product description

The design classic "Berlin frying pan" celebrate its 50th birthday!

Your career so far can be seen. The "Berlin Frying Pan" did not have it easy in the beginning either. The designer Fridtjof Schliephacke was able to inspire the Berlin scene only in the 80s by a small series with 100 lamps per year, exciting above all: their multifunctionality. As a distinctive mark of many intellectuals, it was opposed to the consumer society. The Berlin style icon with a robust appearance can be seen, among other places, in the prayer room of the crematorium in Berlin-Treptow.

The floor lamp designed in 1959 by Fridtjof F. Schliephacke - called berliner bratpfanne© - has been reissued as a limited mawa edition on the occasion of its 60th anniversary. The edition in the colors beige, gray, blue and red is limited to a total of 250 pieces. The special feature: an individually engraved brass ring on the bulb holder with the unique edition number.

About Mawa Design

Mawa Design was founded in 1977 by Martin Wallroth. In the company, which was then located in Kreuzberg, he developed and produced objects for the living area. In the following years, the one-man business expanded and established itself as a professional company. During this time, Mawa Design designs often took a pioneering role for formative ideas in the field of product design. To this day, the unusual combination of design office and manufactory contributes significantly to the company's success.

The eighties made understanding and interest in design popular. Mawa Design therefore broke new ground. In cooperation with external designers, product ideas for everyday life could be designed and quickly implemented due to the flexible structure of the company. The product range finds its customers mainly in the upscale retail trade.

In addition to the standard program of the manufactory, special productions according to individual specifications can of course also be realized. For example, luminaires have been produced for the Federal Chancellery, the Ministry of Economics, the Corbusier House, the Maxim Gorki Theater in Berlin or for the Luther House in Wittenberg. Renowned companies such as BMW, Daimler Benz, Jil Sander, Hotel Bleibtreu, KaDeWe, Sony or The Conran Shop work with Mawa Design when it comes to first-class lighting. Mawa products, which are characterized by high-quality materials and excellent workmanship, have been included in important collections of museums around the world.

Green light for further growth. With its own design department, research and development, as well as its own lighting laboratory, the company is now one of the preferred partners of internationally active specialist planners. mawa design has advanced from being an insider tip to a leading brand in the contract sector, especially in museums, libraries, sacred buildings and monuments with minimalist lighting tools. A new branding with a striking logo reflects the far-reaching importance of the company in the professional world. Here, too, the following applies to the design: less is more. And so in 2017, the brand name is also reduced to two syllables - mawa design becomes mawa. Only color and attitude remained unchanged green.
