Product description

Ramón Esteve has designed for Vondom FOREST, an illuminated object shaped after a geometric abstraction of a Christmas tree. The clean, crisp lines make FOREST a sober, timeless addition. The interior lighting with LED white or RGB LED lamp system creates an ambient atmosphere through the use of light and color, which can be adjusted depending on the desired moment and atmosphere. Forest is perfect for indoor and outdoor use. A magic tree that invites you to immerse yourself in the pure, beautiful nature together with your loved ones and stay in this "illuminated forest" for a special occasion like Christmas.
