Each solid sphere is individually molded from polyethylene

Ideally suited for indoor and outdoor use

Available accessories: cleaning set (case with spray bottle, cleaning sponge, gloves)

Product description

Moonlight lamp with base to screw on.

Moonlight floor or wall lamp for screwing. The version is powered by energy-saving lamps (240 volts).

Details

The versatile Moonlight globes are individually molded from polyethylene. They are extremely impact resistant and robust. Temperatures from -40° to +80° Celsius do not cause any problems for the lights. The positive overall impression is rounded off by other properties such as UV stability, durability and waterproofness.

Moonlight products are certified according to: CSA C 22.2 / UL 153 / EN 60598 / VDE 0711

Development, production and distribution according to DIN EN ISO 14001:1996

Product information

Cleaning & Care

All Moonlight luminaires, regardless of the surface, are generally easy to clean.
In case of heavy soiling due to environmental influences such as soot etc., we recommend the use of a special cleaning agent which cleans the surface gently.

About Moonlight

Making people happy with atmospheric lighting

Moonlight luminaires captivate with their design, unique lighting atmosphere and the highest quality standards - made in Germany.

Unique interior and exterior lighting

The unmatched ambience and diffusion experience as outdoor and indoor lighting goes into a new round with a lot of passion. Be excited about the further development of the award-winning design. Through our years of experience designing with light, one thing remains the same: the high-quality appeal and virtually indestructible durability of Moonlight lighting.

Moonlight luminaires - lighting with excellent design

By using Moonlight luminaires in garden design, accentuated islands of light can be created that not only transform any garden into an atmospheric oasis, but also enhance the structural substance.
