Product description

The product series RIVA by conmoto offers a complete ensemble of garden furniture: tables, benches, stools, lounges and couches. Purism is the defining style element. The clear, reduced design language fits into any architecture and yet stands on its own.

- The rectangular table RIVA by the design duo Schweiger and Viererbl offers sufficient space and storage area.
- Attractive design for outdoor and indoor use
- Due to the linear design it can be integrated individually and flexibly into the living space
- Construction made of high-quality HPL composite with stainless steel screw connections
- Together with the RIVA bench, the table forms a harmonious whole and offers space for up to 10 people
- As a solitaire, the bench sets a modern accent. The benches can be slid under the table to save space
- Straight, bright and above any weather - a bright spot in any interior, on terraces and in indoor areas.
- Outer cheeks close smoothly with the table top. Stable stand is ensured by a strut running centrally under the surface

about Conmoto

Conmoto design furniture

In reference to a measure of time used by composers, "conmoto" describes the tempo of a musical movement and means "in motion". It transports the claim to the dynamics and development of the company, which is aptly reflected in the company claim Soundful Living.

Johannes Wagner founded conmoto in 1997. His first product: stainless steel fireplace cutlery. His goal was to offer cutlery that was both functional and beautiful.

The assortment and the field of activity of conmoto has expanded considerably in the last 20 years. Not only has conmoto expanded its collaboration with renowned designers and produces the highest-quality designer furniture for indoor and outdoor use, for several years the company has also been active in the project sector, developing holistic room concepts for major clients ranging from The

Product information

Ritz Carlton to Rolls Royce and Borussia Mönchengladbach. Since 2019, the company owns its own manufactory near Münster in which a large proportion of its own products are manufactured.

Johannes Wagner - founder and managing director of conmoto - has always remained true to his goal and philosophy of combining functionality with beauty.

Conmoto stands for timeless designs and the highest quality - from the materials used to the workmanship.
