Product information

Ferrari Precontraint 302: polyester fabric with PVC coating 480 g/m², fire protection certificate B1, advertising print possible

Further information on the fabric versions can be found in the "Fabric colors / versions" section

Included in the scope of delivery. PVC weather protection cover, light gray

Special feature: 5-year guarantee (in accordance with the CARAVITA guarantee conditions)

Available fabric colors

Premium Acrylic Awning Fabric:

The high-quality acrylic awning fabric is made of 100% solution-dyed branded acrylic. Unlike conventional yarn dyeing, the color pigments are incorporated directly during the fiber production process. This ensures highly reliable protection against harmful UV radiation while maintaining long-lasting, vibrant, and lightfast colors.

The robust acrylic fabric also impresses with its high tear resistance. A special protective finish makes the material water- and dirt-repellent. This provides a durable and proven solution for long-term outdoor use.

Fabric Specifications

- Waterproof 300 – 460 mm water column, EN 20811
- High color and weather fastness (7 – 8 of 8)
- Water- and dirt-repellent
- 100% acrylic 285 – 300 g/m²
- Custom branding on canopy and valance possible

Many fabrics are also available in All Weather quality. Waterproof up to 1000 mm water column, EN 20811.

Premium Acrylic ProNature:

With Acryl ProNature, CARAVITA presents an innovative fabric option with added value: a special finishing treatment actively contributes to improving air quality. Through a photocatalytic process, pollutants such as nitrogen oxides, sulfur oxides, and organic compounds are reduced – while unpleasant odors are neutralized at the same time.

This creates a noticeable contribution to greater sustainable quality of life outdoors. In terms of durability, weather resistance, and technical performance, Acryl ProNature fully matches the proven classic acrylic fabric.

- Waterproof 300 – 370 mm water column, EN 20811
 - High color and weather fastness (7 – 8 of 8)
 - Water- and dirt-repellent
 - 100% acrylic 285 – 300 g/m²
 - Custom branding on canopy and valance possible
-

Product information

Tempoteststar FR:

The Tempoteststar fabric collection by PÀRA consists of a flame-retardant textile certified according to the recognized fire protection class B1. The high-quality, 100% solution-dyed polyester is available in a wide range of colors and is particularly suitable for applications where fire safety requirements play a central role.

- Flame-retardant, fire protection class B1 (DIN 4102)
- Oil-, water-, and dirt-repellent
- High color and weather fastness (7 – 8 of 8, DIN EN ISO 105 B04)
- Waterproof 280 – 300 mm water column, UNI EN 20811
- 100% solution-dyed polyester 300 g/m²

Ferrari Precontraint 302

This PVC-coated sun protection membrane is characterized by exceptional durability and strength. It is completely waterproof and meets high flame-retardancy standards – properties that prove particularly valuable in demanding outdoor environments.

- Not suitable for Big Ben Freestyle, Belvedere, Grande
- Flame-retardant, fire protection class B1 (DIN 4102)
- Polyester fabric with PVC coating
- Completely waterproof
- Dirt-repellent
- High color fastness (7 – 8 of 8, DIN EN ISO 105-B02)
- Surface weight 480 g/m²
- Custom branding on canopy and valance possible

Product description

BIG BEN

Complete your parasol with side panels made of premium awning fabric or other high-grade special materials. Side panels are available in different models: closed, with mosquito net or transparent plastic film window. All models are also available with a door. Side panels with transparent windows. Also available with mosquito net.

Twinkle-toed giant - ultimate in protective shade!

Big Ben is the ultimate solution for professional use. The center of its Aluminum-Power-Frame is a strong 84mm mast with 5mm wall thickness. The Double-Layer-Power struts are manufactured from an especially large 40x20mm aluminum profile and internally reinforced over the entire length. The hubs are made of massive aluminum.

Despite its massive construction Big Ben is a twinkle-toed giant with easy handling:

The crank operated shade with its internal aluminum lifting spindle opens quick and smooth.

The special alignment guide makes installing the large shades a breeze.

Product information

Integrated LED strut light and internal wiring for heaters are available as an option.

About Caravita

CARAVITA is regarded as the leading brand for high-quality sunshades and sun sails and as a synonym for quality and design. With spans of up to seven meters, the noble large umbrellas create space for all conceivable uses and, thanks to an exceptionally robust construction, can withstand even high wind loads. Innovative mechanisms open each umbrella size as smoothly as on the first day, even after years of use, and ensure easy and convenient handling. CARAVITA parasols are characterized by handcrafted, made-to-measure production. The complete selection of fabric and frame colors can be individually combined. This guarantees - in connection with many other brilliant extras - the fulfillment of highest demands in gastronomy, hotel business and in the private garden.

- Individual design: over 130 fabric and 200 frame colors according to the customer's wishes.
- Durable products: Due to high-quality aluminum and stainless steel components
- Innovative mechanics: Ensures smooth operation for years to come
- High stability: Thanks to above-average wall thickness of pole and struts
- Special shapes made to measure with the Big Ben Freestyle

The living space grows out into the open. Eating, drinking, celebrating, laughing or working outside - there are no limits to individuality. No matter whether on the private balcony or the cozy restaurant terrace. Even in spring, when the first warm rays of sunshine entice people outside, they want to enjoy additional comfort. Indispensable for leisure time in the green are well thought-out trend products in the field of sun protection. This is the only way to create new favorite spots and make outdoor living a year-round pleasure.

- Off-the-peg sunshades? Not at CARAVITA. After all, your requirements and needs are also quite individual. That's why each of our sunshades is custom-made. See for yourself how, with over 30 years of experience and a lot of passion, a high-quality shade provider is created.
