Product description

Strategy, contemplation, intelligence: all three are key elements for enjoying Teckell's board games but, above all, you need time. A rare gift in this hectic era. The time for pondering your next move, lingering over the board, challenging your sparring partner. A collection dedicated to those for whom patience is a virtue and beauty is unabashedly adored. Stratego is also a design object to admire while you lounge on a leather sofa and do absolutely nothing. Or it can quickly become the setting for a modern-day strategic duel between friends. With Teckell Stratego, the beloved board game is elevated into a precious design object, a sculpture to be touched and played with. "Teckell's tried-and-true materials were our inspiration – marble, crystal and steel – which Stratego combines in a single product." - says Lorenzo Di Giovanni.

It was important that Stratego have a clean profile without elements breaking up the lines. In this way, you can best appreciate the reflections and the interplay of light created by the combination of different materials. That is why we devised a magnetic opening system for the game board, which rests inside the base. This allows you to extract the game board - Stratego clean lines hide four different games: Chessboard, Checkers, Backgammon, Chinese chess, Ludo - and substitute another without any push-buttons or latches that would've broken up the marble base's minimal lines. Innovation and a 'less is more' approach make Teckell's signature.
