Design: Sifas

Product description

Designer: Sifas

Clean lines meet minimalist and timeless design.

The HIPS table collection is inspired by the iconic silhouettes of the New Look that shaped minds and wardrobes in the 50s. A revolution in the codes of femininity, symbolized by fitted jackets with rounded shoulders.

A new aesthetic approach that symbolizes the rebirth of the fashion capital Paris and its supremacy, symbolized by haute couture, whose secret is the French.

The HIPS collection reappropriates the codes of prestige of French elegance.

about Sifas

Since its founding in the 1950s, Sifas has nurtured, across all its collections, a style that defines the era, a style both timeless and contemporary. The company is enduringly imbued with the revolutionary concept of living that finally brought light into homes, blurring the boundaries between indoors and outdoors and turning the garden into an open-air living area. In 2019, Sifas takes its inspiration from its heartland —the Riviera— and from the region's glory years.
