Resistant

100% reusable

Available accessories: impregnated protective cover, beige color, water, oil and dirt repellent

Design by Atmospha Creative Lab

Product description

ATMOSPHERA ORIGAMI dining table

Table top: FINE STONEWARE

Product information

Porcelain stoneware is the new elegant finish from Atmosphaera for the Zeta, Lodge and Frisbee collections. By compacting pure materials such as clay and minerals at high temperatures, without the addition of synthetic resins or chemical substances, a resistant, non-porous material is created. The stone surface feels natural and supple and gives the collection grandeur and character.

The natural fossil stone Mactan Stone has a timeless, elegant presence.

Structure: ALUMINIUM

The aluminum furniture is powder coated in white and graphite, which provides an impact and scratch resistant surface. The furniture can remain outside all year round and is easy to clean.

about Atmosphaera

ATMOSPHERA is an outdoor design brand and has been a reference point for the international market for over 20 years, dictating style and refinement. It continually searches for innovative solutions, exploring multiple situations, complex markets and different cultures: from the home environment to hospitality spaces, from the world of wellness to the care of public spaces in a professional environment.

Living rooms, contemplative places, dining rooms and workplaces, commercial and public spaces, up to the most intimate corners of houses and their alcoves: a roundup of scenes and atmospheres, rather than objects. Scenes of stories where the protagonists have left traces of their presence, but above all the staging of what they have accomplished in that environment. From resting under the shade of a tree to concentrated study for hours, from contemplation to refreshment, from solitude to sharing in company.
