Further features:

Suitable for indoor and outdoor use

Very suitable for professional use

UVI-resistant

Resistant

100% reusable

Available accessories: impregnated protective cover, beige color, water, oil and dirt repellent

Design by Atmospha Creative Lab

Product description

ATMOSPHERA PANTAGRUEL dining table

Table top: Glossy Glazed Ceramic

This element was produced using slip casting. In this manufacturing process, slip is poured into a plaster mold, which removes the moisture and enables a certain wall thickness of the clay to be achieved.

Product information

The processed blank is left to dry to the perfect degree. The blank is then fired at over 1000°C to produce the so-called "body". The body can now be glazed with the spray gun in the available colors and is fired a second time at approx. 980°C. If the glaze is as desired, the piece is finished,

Slip casting is a method in which clay is poured into a mold. The slip is a free-flowing mixture of water and clay.

Structure: ALUMINIUM

The aluminum furniture is powder-coated in white, graphite and terracotta, which ensures an impact and scratch-resistant surface. The furniture can be left outside all year round and is easy to clean.

about Atmosphaera

ATMOSPHERA is an outdoor design brand and has been a reference point for the international market for over 20 years, dictating style and refinement. It continually searches for innovative solutions, exploring multiple situations, complex markets and different cultures: from the home environment to hospitality spaces, from the world of wellness to the care of public spaces in a professional environment.

Living rooms, contemplative places, dining rooms and workplaces, commercial and public spaces, up to the most intimate corners of houses and their alcoves: a roundup of scenes and atmospheres, rather than objects. Scenes of stories where the protagonists have left traces of their presence, but above all the staging of what they have accomplished in that environment.

From resting under the shade of a tree to concentrated study for hours, from contemplation to refreshment, from solitude to sharing in company.
