Product description

ATMOSPHERA MAGIC dining table

Table top: top made from solid Asian TEAK

Atmosfera uses natural Indonesian teak that has been treated with oil for outdoor use. Over time, the honey color of the teak wood turns silvery as the natural outdoor weathering causes an oxidation process of the outermost layer of the exposed surface.

Product information

To restore the color to its original honey hue, simply clean the surface with water and neutral soap and remove impurities with a hard bristle brush. It is also recommended to use teak oils to restore the natural softness and hydration of the wood.

Structure: ALUMINIUM

The aluminum furniture is powder coated in white, terracotta and graphite, which provides an impact and scratch resistant surface. The furniture can remain outdoors all year round and is easy to clean.

about Atmosphera

ATMOSPHERA is an outdoor design brand and has been a reference point for the international market for over 20 years, dictating style and refinement. It continually searches for innovative solutions, exploring multiple situations, complex markets and different cultures: from the home environment to hospitality spaces, from the world of wellness to the care of public spaces in a professional environment.

Living rooms, contemplative places, dining rooms and workplaces, commercial and public spaces, up to the most intimate corners of houses and their alcoves: a roundup of scenes and atmospheres, rather than objects. Scenes of stories where the protagonists have left traces of their presence, but above all the staging of what they have accomplished in that environment. From resting under the shade of a tree to concentrated study for hours, from contemplation to refreshment, from solitude to sharing in company.
