Design by Atmosphera Creative Lab

### Product description

---

#### ATMOSPHERA PIPE lounge table

The minimalist design of the structure is balanced by the warmth emanating from the characteristic cylindrical teak armrest, the protagonist and "fil rouge" of the collection, and from the rope weave that forms the backrest and surrounds the cushions.

The Pipe collection consists of a 2-seater sofa, a lounge armchair, a dining armchair, a lounge table and a side table.

**Structure: ALUMINIUM with hand-woven Teflon acrylic fiber ropes**

---

# Product information

---

Aluminum structures combined with hand-woven Teflon acrylic fiber ropes, waterproof and easy to clean.

The material has an inviting, refined appearance like the woven fabrics. It is characterized by its UV resistance and is dry in an instant.

**Table top: FINE STONEWARE**

Porcelain stoneware is Atmosphera's new elegant finish for the Zeta, Lodge and Frisbee collections. By compacting pure materials such as clay and minerals at high temperatures, without the addition of synthetic resins or chemical substances, a resistant, non-porous material is created. The stone surface feels natural and supple and gives the collection grandeur and character.

The natural fossil stone Mactan Stone has a timeless, elegant presence.

**about Atmosphera**

---

ATMOSPHERA is an outdoor design brand and has been a reference point for the international market for over 20 years, dictating style and refinement. It continually searches for innovative solutions, exploring multiple situations, complex markets and different cultures: from the home environment to hospitality spaces, from the world of wellness to the care of public spaces in a professional environment.

Living rooms, contemplative places, dining rooms and workplaces, commercial and public spaces, up to the most intimate corners of houses and their alcoves: a roundup of scenes and atmospheres, rather than objects. Scenes of stories where the protagonists have left traces of their presence, but above all the staging of what they have accomplished in that environment.

From resting under the shade of a tree to concentrated study for hours, from contemplation to refreshment, from solitude to sharing in company.
