Product information

Product description

Alcova was designed as a hybrid and covered area, but one that communicates with the outside environment and nature. A robust but comfortable aluminum structure, a system of modular teak panels that protect without obscuring, a welcoming and ergonomic upholstery where you find yourself in a unique dimension where space and time pass according to your personal rhythm.

A customizable system for tailor-made comfort, the solid, powder-coated aluminium structure, to which curtains or teak panels can be attached, creates a shaded interior where you can enjoy every moment of the day.

Alcova is equipped with a slatted frame with a backrest that can be adjusted to four different positions. The mattresses are made with a special upholstery system.

The cushions will not be damaged if they are left outside during a downpour. However, we do not recommend leaving the cushions outside all the time. After a thunderstorm, you should allow the cushions to dry out completely.

bathrooms and screened porches as they do not allow mildew to form. Perfect for outdoor and indoor furniture (living room, children's room, kitchen). Cleaning instructions | Most stains on LUXURY covers can be cleaned with a mild soap and water solution. Simply remove the dirt by rubbing with water (no more than 40°C) and natural soap. Removable covers can be dry cleaned or machine washed in cold water, but without using the spin dryer. To restore the natural loss of oil and water repellency, it is advisable to use the spray available from your retailer. Do not iron with steam or dry with electric appliances. Air dry. Place the fabric in a dry and airy place during the winter season. Warranty | The LUXURY fabric comes with a three-year warranty. This guarantee covers the fabric becoming unusable due to exposure to sunlight, salt and general weather conditions. The guarantee does not apply to damage caused by improper handling.

about Atmosphera

ATMOSPHERA is an outdoor design brand and has been a reference point for the international market for over 20 years, dictating style and refinement. It continually searches for innovative solutions, exploring multiple situations, complex markets and different cultures: from the home environment to hospitality spaces, from the world of wellness to the care of public spaces in a professional environment.

Living rooms, contemplative places, dining rooms and workplaces, commercial and public spaces, up to the most intimate corners of houses and their alcoves: a roundup of scenes and atmospheres, rather than objects. Scenes of stories where the protagonists have left traces of their presence, but above all the staging of what they have accomplished in that environment. From resting under the shade of a tree to concentrated study for hours, from contemplation to refreshment, from solitude to sharing in company.
