Product description

ATMOSPHERA ALBA collection

The use of aluminum and glass makes the Alba an elegant and robust object. Perfect for complementing other products in the Atmosphaera collection, it adds a personal touch to even the most sophisticated outdoor spaces. Thanks to its weather resistance, it can remain outdoors all year round, making it not only functional but also aesthetically pleasing. With its timeless elegance and durable construction, the Alba is an asset to any outdoor space, be it garden, terrace or balcony.

Structure: Aluminum + teak details

The aluminum furniture is powder-coated in white and graphite, which ensures an impact- and scratch-resistant surface. The furniture can be left outside all year round and is easy to clean.

about Atmosphaera

ATMOSPHERA is an outdoor design brand and has been a reference point for the international market for over 20 years, dictating style and refinement. It continually searches for innovative solutions, exploring multiple situations, complex markets and different cultures: from the home environment to hospitality spaces, from the world of wellness to the care of public spaces in a professional environment.

Product information

Living rooms, contemplative places, dining rooms and workplaces, commercial and public spaces, up to the most intimate corners of houses and their alcoves: a roundup of scenes and atmospheres, rather than objects. Scenes of stories where the protagonists have left traces of their presence, but above all the staging of what they have accomplished in that environment. From resting under the shade of a tree to concentrated study for hours, from contemplation to refreshment, from solitude to sharing in company.
