Product information

Casambi Bluetooth dimmable. Light control via app (3-wire power cable).

Design: Fabrice Berrux

Product description

The Colonne luminaire series is the trademark of the renowned French luminaire manufacturer dix heures dix. Its design is reminiscent of classic, antique columns, which lend elegance and dignity to the architecture of buildings with their harmonious proportions. The Colonne floor lamp brings this concept into the interior and, thanks to the successful combination of form and light, really does become the central pillar of any interior. Its pleated fabric shade creates a warm and cozy atmosphere and distributes the light evenly and atmospherically throughout the room. With a wide selection of fabric colors, base variants and sizes, the Colonne floor lamp can be individually adapted to the interior and can be complemented with matching wall and pendant lights.

about Dix heures Dix

Behind the name Dix heures Dix hide the two designers Catherine Grandidierand Fabrice Berrux. The Dix heures Dix manufactory clearly reflects this dichotomy. Unusual color combinations and the use of unusual materials are the hallmark of Catherine Grandidier's lamps. Following the success of textile collections such as La Colonne, dix heures dix has deliberately chosen to use modern, innovative and high-quality materials (Tyvek®, Dibond®, Corian®, etc.) for its latest creations. By mixing architectural, artistic, plant or fashion inspirations, the two designers (Fabrice Berrux and Ludovic Roth) strive to invent a narrative light where each product tells its own story.

The balance between the rigorous approach of industrial design and the wealth of artisanal know-how allows Dix heures Dix, to produce innovative and high quality lighting solutions.
