DALI dimmable (DALI = digital light control) 4- or 5-core power cable (control cable) required! Price on request.
Casambi-Bluetooth dimmable. Light control via app (3-core power cable). Price on request.

Fabrice Berrux

Product description

It all began with a drawing, a continuous line that emerged from pure inertia. This line became a fine, light and luminous volute, which I hung in the room. This is how ZIGOUZI was born. This pendant light is available in two sizes and its shape is reminiscent of the geometry of a four-leaf clover, which naturally brings good luck and spreads a beautiful light.

The suspensions are made of black or gold anodized aluminium and a white canopy. A transparent power cable ensures an unobtrusive appearance. The ZIGOUZI pendant light is an LED light, ideal for lighting above a dining table or in the living room. With a 5 meter long transparent cable and a white rosette, it is ideal for high rooms such as cathedrals.

Place the ZIGOUZI in the living room or dining room to give the room a modern and designer touch. The pendant light is available in two sizes: 150 cm and 180 cm in length.

about Dix heures Dix

Behind the name Dix heures Dix hide the two designers Catherine Grandidierand Fabrice Berrux. The Dix heures Dix manufactory clearly reflects this dichotomy. Unusual color combinations and the use of unusual materials are the hallmark of Catherine Grandidier's lamps. Following the success of textile collections such as La Colonne, dix heures dix has deliberately chosen to use modern, innovative and high-quality materials (Tyvek®, Dibond®, Corian®, etc.) for its latest creations. By mixing architectural, artistic, plant or fashion inspirations, the two designers (Fabrice Berrux and Ludovic Roth) strive to invent a narrative light where each product tells its own story.

The balance between the rigorous approach of industrial design and the wealth of artisanal know-how allows Dix heures Dix, to produce innovative and high quality lighting solutions.
