about Riva 1920

Riva 1920

Is the story of a furniture company with an entrepreneurial spirit and the creative power of passionate woodworking experts. A profession with a tradition of craftsmanship that will live on in future generations. 80 years of furniture history: Maurizio and Davide Riva are the 3rd generation to run the company and have developed it from a former joinery into a modern, innovative solid wood company. After years of experience in interior design, the Riva company has applied the same flexibility and tradition of craftsmanship to the R1920 furniture collection.
