Product description

The ATMOSPHERA collection offers a wide range of parasols. From mid-mast parasols, particularly suitable for versatile shaded areas, side-arm parasols, ideal for enjoying the shade without obstacles, duo or quadro parasols, perfect for professional use, even in composite structures, to design parasols that give a special touch to modern and exclusive environments.

about Atmospha

ATMOSPHERA is an outdoor design brand and has been a reference point for the international market for over 20 years, dictating style and refinement. It continually searches for innovative solutions, exploring multiple situations, complex markets and different cultures: from the home environment to hospitality spaces, from the world of wellness to the care of public spaces in a professional environment.

Living rooms, contemplative places, dining rooms and workplaces, commercial and public spaces, up to the most intimate corners of houses and their alcoves: a roundup of scenes and atmospheres, rather than objects. Scenes of stories where the protagonists have left traces of their presence, but above all the staging of what they have accomplished in that environment.

From resting under the shade of a tree to concentrated study for hours, from contemplation to refreshment, from solitude to sharing in company.
