Product description

Light source and eye-catcher

Take a seat at the new Lounge M. The illuminated table boasts the striking material mix of the successful Moree Lounge series: translucent, high-gloss plastic in the table top meets a cool, elegant aluminum base. Lounge M also has a diameter of 60 centimetres, which is ideal for a catering table. The invisibly integrated technology, which is optionally equipped with a conventional or multicolored LED light source, ensures maximum effect on an optimal surface. The LED version has a remote control for color and program selection as well as light dimming and is also available as a rechargeable battery version with wireless operation for up to 15 hours. Lounge M is also available in an indoor and an outdoor version. The matching glass top adds a glossy finish and is already included in the scope of delivery. Lounge M is available in heights of 45 and 105 centimeters and brings a VIP feeling to guests as a side or bar table.

About Moree

Moree is a specialist for high-quality illuminated furniture and living room accessories, made for people who appreciate sensual, urban living. The love of clear forms, innovative materials combined with a fascination of the effect of light, Moree designers are always exploring expressive and timeless ideas for interiors and exteriors.

The range is based on an extensive collection of illuminated tables and objects as well as seating, for living rooms, gardens, restaurants, bars and clubs. Functionality, durability and stylish design stands for the success of our German brand.

Moree furniture can be individually branded, giving companies and product advertisements high visibility. Unique, eye-catching and intriguing.

Moree combines exquisite form with highly functional products, available in over 30 countries only in selected furnishing and design stores.
