Product description

The Studio light table series from Moree is available in four heights. The extension of the Studio design table series from Moree with a further 4 products offers the ideal table for every occasion and puts the given situation in the right light. The series offers illuminated tables in heights of 36, 45, 75 and 105 cm. The futuristic table top and the anodized aluminium base combine to create a table that is both a source of light and an eye-catcher. Whether for private or catering use, the series offers a suitable storage space for every occasion. Studio 36 and 45 are ideal side tables. With heights of 36 or 45 cm, they are the perfect height to be placed next to an armchair or sofa. These two versions offer easily accessible storage space for cocktail glasses, magazines and much more, while creating an appealing atmosphere with indirect lighting. With a height of 75 cm, Studio 75 is the ideal dining table. Guests can sit, dine, drink and chat at a comfortable height. The Studio 75's atmospheric light means that no additional, possibly distracting light is

required on the table. Studio 105: The high table version keeps every party lively. With a comfortable height of 105 cm, the design object invites you to a relaxed standing party. Each table in the Studio series is available in both indoor and waterproof outdoor versions. This means that the garden is also atmospherically illuminated - whatever the weather. Thanks to the innovative and extremely energy-saving Multicolour LED technology, the entire color spectrum including white can be generated. The intensity and color of the lighting can be controlled by remote control.
