Product information

Dimensions / Technical Data:

Dimensions approx:

Length 51cm, width 51cm, height 40cm - Planting depth approx.: 25cm

Length 61cm, width 61cm, height 48cm - planting depth approx.: 30cm

Length 73cm, width 73cm, height 57cm - Planting depth approx.: 38cm

Structure: LLDPE resin. Linear, through-dyed polyethylene, weather-resistant and unbreakable

Surface: Polyethylene dyed through matt

Available colors: See color palette (translucent = translucent, material as for illuminated planters)

Further properties:

Double-walled planter

Suitable for indoor and outdoor use

Very suitable for professional use in restaurants and offices

UVI-resistant. Factor UV8, equal to 8,000 hours of sunshine in Florida

Resistant to temperatures (-60°C to +80°C)

Shock and wear resistant. 100% reusable

Available accessories: SELF irrigation system, with watering of the plants for up to 3 months

Note: When ordering the irrigation system, the planter is supplied with integrated castors

Product description

Planters series "BASIC" are characterized by their double-walled structure. The planters are extremely stable and offer a smaller available interior space due to their double-walled construction. This also means that less soil is needed for planting. In winter, the double-walled construction also reduces frost penetration.

Product information

The containers are made of sophisticated rotational molding resin, which can withstand any test of endurance, both indoors and outdoors. The collection has the widest range of different plant containers. On request, the plant containers can be equipped with an integrated watering system, which guarantees the best care of the plants during the absence. The most extensive collection of indoor and outdoor planters designed by Studio Vondom. Timeless and minimalist designs that allow you to create unique and original atmospheres for homes, restaurants and any space.

about Vondom

Vondom stands for a modern lifestyle. Vondom indoor & outdoor furniture is designed with passion for people who appreciate innovation and quality - people like you who love trends and demand the best.

Focus on design

Design is the key to our success. With each new collection, we create spaces full of glamor and uniqueness. Vondom furniture brings life and elegance to every room, so you can enjoy life to the full.

Global designers

Vondom collections are created in collaboration with international designers such as Fabio Novembre, Karim Rashid and many more. Their passion for modern forms and culture makes every piece of furniture an exclusive work of art.

Sustainability & Innovation

Sustainability is a core value at Vondom. Vondom is continuously researching new technologies and materials to protect our environment. Vondom shares this knowledge in workshops, exhibitions and events worldwide.

Global success

Vondom is present in over 120 countries, with flagship stores and showrooms around the world, including Valencia, Miami, Los Angeles and Shanghai.

VONDOM planters

Material properties:

- Material: LLDPE resin, linear low density polyethylene. UL 94 HB
- Manufacturing process: Rotational molding - rotational molding process
- UV-resistant, factor: UV8, corresponding to 8,000 hours of Florida sunshine
- Extremely temperature resistant (-60 to -80 degrees Celsius)
- Impact resistant
- Lightweight
- 100 % recyclable

Watering system & integrated wheels:

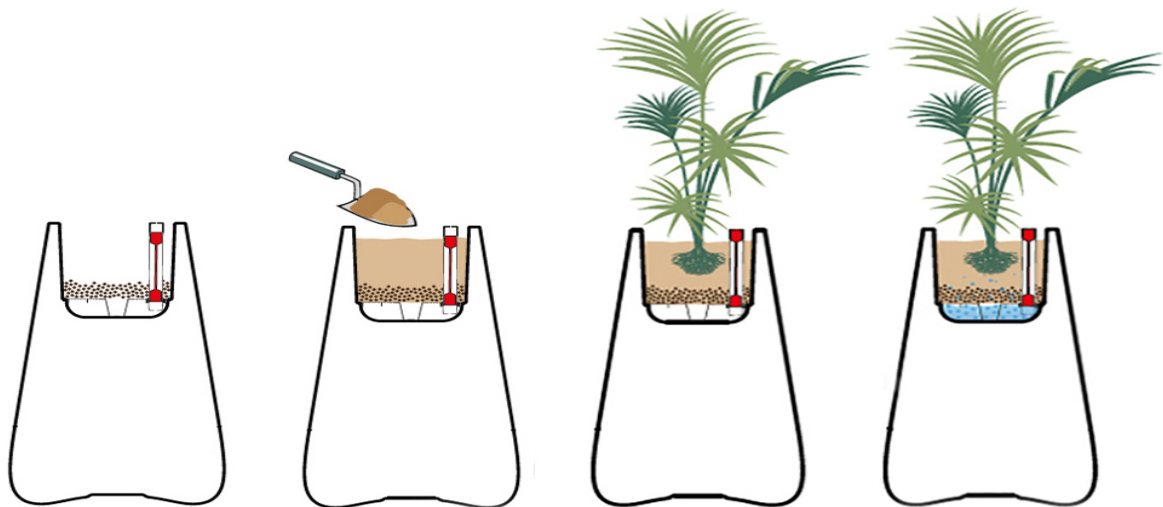

Planters with a self-watering system are usually supplied with integrated wheels up to a size of 60cm. The integrated wheels make it easier to move the planter. The watering system ensures perfect care for your plants. The watering system is designed for indoor use only and is not suitable for outdoor use.

Indoor or outdoor use?

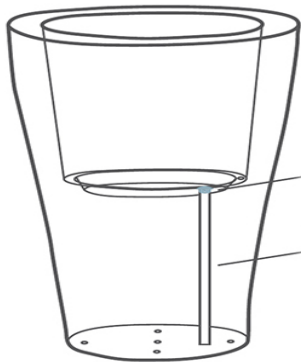

Illuminated planters have an integrated and lockable water drain. This means they can be used both indoors and outdoors. Planters without lighting do not have integrated water drainage. When used outdoors, several holes must be drilled with a drill both in the base

Product information

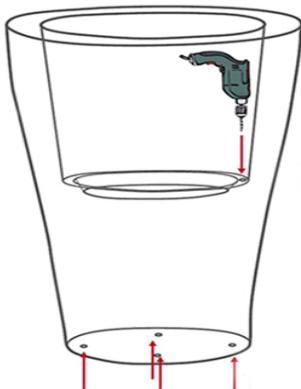

of the planting area and in the subsoil on which the planter stands to prevent waterlogging.

Bewässerungssystem - Watering system - Système d'arrosage - Sistema di irrigazione - Sistema de riego - System nawadniania
