Product description

UHLMANN Type TS - square parasol 4×4 m - Windproof

The UHLMANN Type TS 4×4 m is the powerful answer to the highest demands on stability and design. With its impressive span width, this parasol offers generous shade for spacious outdoor areas and impresses with its technical perfection. Ideal for restaurants, hotels and anyone who wants to combine extensive shade with professional wind resistance.

The robust frame made of powder-coated aluminum with an 80 mm pole diameter is designed for extreme conditions. Reinforced struts, solid pivot points and precise mechanics give the sunshade impressive stability - even at wind speeds of up to 102 km/h. Every UHLMANN Type TS is tested in the wind tunnel and meets the highest safety standards.

The exclusive Sunacryl® cover offers protection and aesthetics at the same time: UV-resistant, water-repellent and colorfast - ideal for intensive use in the sun, rain or near the sea. The material retains its shape and color even after years of use, making the sunshade a long-term investment in quality and style.

There are two fixing systems to choose from: a dowelled base plate for flat surfaces or a ground socket set in concrete for maximum security. Despite its size, the sunshade is easy to operate thanks to the smooth-running crank handle or crank pin - a sign of sophisticated engineering Made in Germany.

Its clear, square shape and unobtrusively elegant design make the UHLMANN Type TS 4×4 m the ideal focal point for sophisticated outdoor areas - from hotel terraces and pool landscapes to exclusive event locations.

UHLMANN Type TS 4×4 m - the large-format, wind-resistant professional parasol for the highest demands. Elegant, robust and manufactured with German precision.
