## Product information

---

The parasol type T is available in over 20 sizes. Special sizes are available on request.

### Dimensions / Technical Data:

---

Shade crowns: Solid aluminum in frame colour

Pole: Aluminum, Ø 110mm, wall thickness 4-5mm

Frame / pole optional: See color palette

Operating mode: Crank drive

Covering: Sunacryl® protects permanently and reliably against wind, weather, light and UV rays. It is dirt & water repellent

Shape of the parasol: round

Size: Ø 5 metres

Fabric color: See color palette

Fabric finish:

The spun-dyed Sunacryl® fiber is color-fast and tear-resistant thanks to the special impregnation. The Sunacryl® fabric is therefore ideal for your parasol and is also easy to clean.

Available accessories:

Straight valance

Ground socket complete with hinge for setting in concrete, 43cm long (minimum foundation size 50x50x80cm)

Galvanized steel plate, 50x50x1.2cm for screwing onto a load-bearing surface (concrete)

Steel plate 100x100cm for screwing onto a load-bearing surface (concrete) - custom-made, price on request

Polyester protective cover (effectively protects the fabric from soiling when the sunshade is closed)

Telescopic pole (makes it easier to put on and remove the protective cover)

# Product information

---

Customized fabric printing is possible on request - e.g. your logo, name or freely selectable motifs.

## Product description

---

### **UHLMANN Type TXS - round parasol Ø 5 m - Windproof**

The UHLMANN type TXS Ø 5 m is the powerful further development of the proven TS series - designed for extreme loads and large-area shading in professional use. With its reinforced pole with a diameter of 100 mm and an even more stable aluminum construction, this sunshade is the first choice for exposed locations with frequent or strong winds.

Its generous span of 5 meters makes the TXS ideal for hotel terraces, pool areas, roof gardens and catering areas that require reliable protection in sun, wind and rain. The aerodynamic design and precise mechanics ensure maximum stability - tested and confirmed in the wind tunnel. Even in gusts of up to 102 km/h, the sunshade remains safe and dimensionally stable.

The mast and struts are made of high-quality, powder-coated aluminum, which resists corrosion and has an elegant finish. Reinforced pivot points and optimized tensioning technology ensure durability even with daily use. Operation is via a smooth-running hand crank or crank pin - convenient and efficient, even with this impressive size.

The Sunacryl® cover stands for premium quality "Made in Europe": UV-resistant, water-repellent, spinneret-dyed and easy-care. It retains its color intensity for a long time, even in strong sunlight or salty sea air - a decisive advantage for use in hotels, resorts and exclusive outdoor locations.

There are two systems to choose from for secure anchoring: a dowelled base plate for fixed terraces or a ground sleeve set in concrete for maximum wind resistance. Both variants have been developed for continuous professional use and guarantee maximum stability.

With its combination of outstanding size, technical precision and uncompromising quality, the UHLMANN Type TXS Ø 5 m embodies the pinnacle of German engineering - a parasol for those who do not compromise.

**UHLMANN Type TXS Ø 5 m - the wind-resistant premium parasol with 100 mm pole for hotels, restaurants and demanding outdoor areas. Robust, elegant and built for the highest loads.**

## about Uhlmann

---

Uhlmann Parasols – German craftsmanship since 1992

Anyone who buys an Uhlmann parasol chooses genuine German quality workmanship. Since its founding in 1992, the company in Uttenweiler-Dentingen, Baden-Württemberg, has been manufacturing parasols for the highest demands – Made in Germany and crafted with passion down to the smallest detail.

Under the leadership of Christian Maar, robust, durable and elegantly shaped large parasols are created in the in-house manufactory, convincing through functionality, aesthetics and solidity. Around 40 employees work year-round to ensure that every product meets Uhlmann's high quality standards – from the selection of materials to final assembly.

Parasols Made in Germany – quality that impresses

Uhlmann parasols are produced exclusively in Germany. The canopies are sewn by experienced staff from high-quality fabrics, with reinforced hems and elegant colour effects that lend any outdoor area a particularly stylish ambience. Printing, custom solutions and winter service are also carried out in Germany – for a perfectly rounded result.

---

# Product information

The range includes large parasols in round, square or rectangular form with surface areas from 4 m² to over 78 m². A wide choice of fabric colours, special coatings and practical accessories such as lighting, radiant heaters or ground fixings is available. Whether for gastronomy, hospitality, public spaces or private gardens – Uhlmann delivers bespoke solutions that set standards in design, stability and wind resistance.

Award-winning innovation – strong-wind parasol of the year  
With its innovative strong-wind parasol, recognised as one of the “Solutions of the Year 2021” at the renowned “Gardens of the Year” competition, Uhlmann proves its expertise and innovative strength. The company is among Germany’s leading parasol manufacturers and also supplies partners in the USA via the general importer J. R. Partners in California.
