Product information

The parasol type T is available in over 20 sizes. Special sizes are available on request.

Dimensions / Technical Data:

- Shade crowns: Solid aluminum in frame colour
- Pole: Aluminum, Ø 110mm, wall thickness 4-5mm
- Frame / pole optional: See color palette
- Operating mode: Crank drive
- Covering: Sunacryl® protects permanently and reliably against wind, weather, light and UV rays. It is dirt & water repellent
- Shape of the parasol: square
- Size: 4,5 x 4,5 metres
- Fabric color: See color palette
- Fabric finish:

Product information

The spun-dyed Sunacryl® fiber is color-fast and tear-resistant thanks to the special impregnation. The Sunacryl® fabric is therefore ideal for your parasol and is also easy to clean.

Available accessories:

Straight valance

Ground socket complete with hinge for setting in concrete, 43cm long (minimum foundation size 50x50x80cm)

Galvanized steel plate, 50x50x1.2cm for screwing onto a load-bearing surface (concrete)

Steel plate 100x100cm for screwing onto a load-bearing surface (concrete) - custom-made, price on request

Polyester protective cover (effectively protects the fabric from soiling when the sunshade is closed)

Telescopic pole (makes it easier to put on and remove the protective cover)

Customized fabric printing is possible on request - e.g. your logo, name or freely selectable motifs.

Product description

UHLMANN Type TXS - square parasol 4.5x4.5 m - windproof & individually manufactured

The UHLMANN Type TXS 4.5x4.5 m is the perfect combination of technical strength, modern design and the highest level of German craftsmanship. This large parasol was developed for professional use - wherever stability, durability and aesthetics are crucial: on hotel terraces, in restaurants, at events or in exclusive outdoor areas.

With its solid 110 mm diameter pole and reinforced aluminum structure, the TXS belongs to UHLMANN's **strong wind class**. It can withstand even extreme wind loads and remains dimensionally stable even in gusts of up to 110 km/h. Every detail is designed to withstand maximum stress - from the solid pivot points to the extra-reinforced roof struts.

The powder-coated surface permanently protects the aluminum frame from corrosion and the effects of the weather. This makes the TXS ideal for year-round outdoor use. Despite its robust construction, the sunshade can be operated smoothly using a hand crank or crank pin thanks to its precise mechanism. This makes it easy to handle, even with large dimensions.

The high-quality Sunacryl® cover impresses with its UV resistance, water and dirt repellency and excellent color stability. It retains its elegant appearance for many years and at the same time provides optimum protection from sun and rain. The TXS stands for premium quality - **Made in Germany**.

UHLMANN manufactures the TXS 4.5x4.5 m as a **made-to-measure sunshade** on request. The size, color, frame finish and accessories can be individually adapted to the architectural and functional requirements of each project. The result is a tailor-made large parasol that fits perfectly into the overall concept - whether for an elegant hotel terrace, an upscale restaurant or a design event location.

Several fastening systems are available for secure anchoring, including dowelled base plates and ground sockets set in concrete - both offer maximum stability with minimum maintenance.

UHLMANN type TXS 4.5x4.5 m - the wind-resistant, square, high-wind large parasol with 110 mm pole. Individually manufactured, weatherproof and technically perfect - for hotels, restaurants & demanding outdoor areas.

about Uhlmann

Uhlmann Parasols - German craftsmanship since 1992

Product information

Anyone who buys an Uhlmann parasol chooses genuine German quality workmanship. Since its founding in 1992, the company in Uttenweiler-Dentingen, Baden-Württemberg, has been manufacturing parasols for the highest demands – Made in Germany and crafted with passion down to the smallest detail.

Under the leadership of Christian Maar, robust, durable and elegantly shaped large parasols are created in the in-house manufactory, convincing through functionality, aesthetics and solidity. Around 40 employees work year-round to ensure that every product meets Uhlmann's high quality standards – from the selection of materials to final assembly.

Parasols Made in Germany – quality that impresses

Uhlmann parasols are produced exclusively in Germany. The canopies are sewn by experienced staff from high-quality fabrics, with reinforced hems and elegant colour effects that lend any outdoor area a particularly stylish ambience. Printing, custom solutions and winter service are also carried out in Germany – for a perfectly rounded result.

The range includes large parasols in round, square or rectangular form with surface areas from 4 m² to over 78 m². A wide choice of fabric colours, special coatings and practical accessories such as lighting, radiant heaters or ground fixings is available. Whether for gastronomy, hospitality, public spaces or private gardens – Uhlmann delivers bespoke solutions that set standards in design, stability and wind resistance.

Award-winning innovation – strong-wind parasol of the year

With its innovative strong-wind parasol, recognised as one of the “Solutions of the Year 2021” at the renowned “Gardens of the Year” competition, Uhlmann proves its expertise and innovative strength. The company is among Germany's leading parasol manufacturers and also supplies partners in the USA via the general importer J. R. Partners in California.
