The parasol type T is available in over 20 sizes. Special sizes are available on request.

Dimensions / Technical Data:

Shade crowns: Solid aluminum in frame colour

Pole: Aluminum, Ø 110mm, wall thickness 4-5mm

Frame / pole optional: See color palette

Operating mode: Crank drive

Covering: Sunacryl® protects permanently and reliably against wind, weather, light and UV rays. It is dirt & water repellent.

Shape of the parasol: Rectangular

Size: 4 x 7 metres

Fabric color: See color palette

Fabric finish:

The spun-dyed Sunacryl® fiber is color-fast and tear-resistant thanks to the special impregnation. The Sunacryl® fabric is therefore ideal for your parasol and is also easy to clean.

Available accessories:

Straight valance

Ground socket complete with hinge for setting in concrete, 43cm long (minimum foundation size 50x50x80cm)

Galvanized steel plate, 50x50x1.2cm for screwing onto a load-bearing surface (concrete)

Steel plate 100x100cm for screwing onto a load-bearing surface (concrete) - custom-made, price on request

Polyester protective cover (effectively protects the fabric from soiling when the sunshade is closed)

Telescopic pole (makes it easier to put on and remove the protective cover)

Product information

Customized fabric printing is possible on request - e.g. your logo, name or freely selectable motifs.

Product description

UHLMANN Type TX - rectangular parasol 4×7 m - windproof & reinforced

The large rectangular parasols in the **UHLMANN Type TX** series represent the ultimate in stability, size and German engineering. These models - available in the formats **4×7 m, 4×7.5 m, 5×7 m, 5×6 m and 5.5×6 m** - have been specially developed for extreme requirements where wind load, surface area and design must be in perfect balance.

With their solidly reinforced aluminum structure and a **110 mm pole**, the TX large sunshades belong to UHLMANN's **high-wind class**. They are designed for professional use in hotels, restaurants, resorts and on roof terraces - wherever maximum wind safety and durability are required. Tested in the wind tunnel, they offer reliable protection even in strong gusts and adverse weather conditions.

The powder-coated aluminum profiles ensure exceptional stability and corrosion protection, while the precise sunshade mechanism guarantees easy handling. Despite their enormous span width, the TX models can be operated effortlessly using a hand crank or crank pin - a typical feature of German precision engineering **made in Germany**.

The high-quality **Sunacryl® cover** made of spinneret-dyed acrylic fabric is UV-resistant, water and dirt-repellent and retains its brilliant colors for many years. This means that the sunshade remains not only functional, but also an aesthetic highlight - whether on spacious roof terraces, hotel pools or exclusive event areas.

UHLMAANN offers the entire TX series as **made-to-measure sunshades**. Size, color, fabric, frame color and equipment can be individually adapted to perfectly meet architectural and design requirements. Integrated LED lighting, radiant heaters or special solutions are optionally available to further enhance the comfort and effect of these premium sunshades.

Various fixing systems are available for secure installation - from ground sockets set in concrete to dowelled base plates, all designed for maximum stability and long-term safety.

UHLMAANN type TX rectangular - the wind-resistant, high-wind large sunshade for extreme conditions. Available in 4×7 m, 4×7.5 m, 5×7 m, 5×6 m and 5.5×6 m. Robust, elegant & individually manufactured - 100% Made in Germany.

about Uhlmann

Uhlmann Parasols – German craftsmanship since 1992

Anyone who buys an Uhlmann parasol chooses genuine German quality workmanship. Since its founding in 1992, the company in Uttenweiler-Denting, Baden-Württemberg, has been manufacturing parasols for the highest demands – Made in Germany and crafted with passion down to the smallest detail.

Under the leadership of Christian Maar, robust, durable and elegantly shaped large parasols are created in the in-house manufactory, convincing through functionality, aesthetics and solidity. Around 40 employees work year-round to ensure that every product meets Uhlmann's high quality standards – from the selection of materials to final assembly.

Parasols Made in Germany – quality that impresses

Uhlmann parasols are produced exclusively in Germany. The canopies are sewn by experienced staff from high-quality fabrics, with reinforced hems and elegant colour effects that lend any outdoor area a particularly stylish ambience. Printing, custom solutions and winter service are also carried out in Germany – for a perfectly rounded result.

Product information

The range includes large parasols in round, square or rectangular form with surface areas from 4 m² to over 78 m². A wide choice of fabric colours, special coatings and practical accessories such as lighting, radiant heaters or ground fixings is available. Whether for gastronomy, hospitality, public spaces or private gardens – Uhlmann delivers bespoke solutions that set standards in design, stability and wind resistance.

Award-winning innovation – strong-wind parasol of the year
With its innovative strong-wind parasol, recognised as one of the “Solutions of the Year 2021” at the renowned “Gardens of the Year” competition, Uhlmann proves its expertise and innovative strength. The company is among Germany’s leading parasol manufacturers and also supplies partners in the USA via the general importer J. R. Partners in California.
