Product description

UHLMANN Type TX - rectangular parasol 5 x 7 m - windproof & reinforced

The large rectangular parasols in the **UHLMANN Type TX** series represent the ultimate in stability, size and German engineering. These models - available in the formats **4x7 m, 4x7.5 m, 5x7 m, 5x6 m and 5.5x6 m** - have been specially developed for extreme requirements where wind load, surface area and design must be in perfect balance.

With their solidly reinforced aluminum structure and a **110 mm pole**, the TX large sunshades belong to UHLMANN's **high-wind class**. They are designed for professional use in hotels, restaurants, resorts and on roof terraces - wherever maximum wind safety and durability are required. Tested in the wind tunnel, they offer reliable protection even in strong gusts and adverse weather conditions.

The powder-coated aluminum profiles ensure exceptional stability and corrosion protection, while the precise sunshade mechanism guarantees easy handling. Despite their enormous span width, the TX models can be operated effortlessly using a hand crank or crank pin - a typical feature of German precision engineering **made in Germany**.

The high-quality **Sunacryl® cover** made of spinneret-dyed acrylic fabric is UV-resistant, water and dirt-repellent and retains its brilliant colors for many years. This means that the sunshade remains not only functional, but also an aesthetic highlight - whether on spacious roof terraces, hotel pools or exclusive event areas.

UHLMAANN offers the entire TX series as **made-to-measure sunshades**. Size, color, fabric, frame color and equipment can be individually adapted to perfectly meet architectural and design requirements. Integrated LED lighting, radiant heaters or special solutions are optionally available to further enhance the comfort and effect of these premium sunshades.

Various fixing systems are available for secure installation - from ground sockets set in concrete to dowelled base plates, all designed for maximum stability and long-term safety.

UHLMAANN type TX rectangular - the wind-resistant, high-wind large sunshade for extreme conditions. Available in 4x7 m, 4x7.5 m, 5x7 m, 5x6 m and 5.5x6 m. Robust, elegant & individually manufactured - 100% Made in Germany.
