Product description

Play meets prestige

Behind the reflection lies a world of fascination

The **Teckell Gualtiero Wood** is much more than a piece of furniture - it is an invitation to discover the hidden elegance of its interior. With every gentle turn, this interactive art object reveals an interplay of movement, light and perfection. Like a tribute to the natural cycles of the earth, Gualtiero reflects the interplay of time, design and precision craftsmanship - and opens the view into a world of luxury and sophistication.

The dual personality of this masterpiece - mirror and dartboard in one - combines Italian craftsmanship, playfulness and architectural clarity. **Gualtiero** creates a space for cultivated relaxation and inspires moments in which design, play and prestige merge in perfect harmony.
